Panda Bear: ???

Mother Bear: ???

Science Bear: ???

Dapper Bear: ???

Bee Bear: (Pulls out a package)

Bee Cub: (Takes the package and runs, opening a portal in his path)

(Bee Cub teleports to various locations of the map while the credits are presented. Then he teleports in front of the 30 bee zone gate and hears weird sounds behind it. He's visibly scared and, after looking at the gate for a few seconds, creates another portal and leaves. The screen blacks out and the movie starts)

Alex: (Screaming as he realizes he's falling with high speed and is about to hit the ground)

Bee Bear: (Whistling while searching in the gift box located next to him) (Closes the gift box; proceeds to stretch) (Notices Alex floating in the air) Oh (Snaps his fingers and Alex falls on the ground) Oh hello there fellow Al-... Alex you alright there?

Alex: (Nods in "Yes" as he tries to get up but falls back down)

Bee Bear: (Relieved) Oh thank God! (Scratching his head) Thought I killed you there for a second... (Claps his hands) ANYWAYS, WELCOME TO BEE SWARM!!

Alex: (Gets up and looks at Bee Bear confused)
What's a Bee Swarm?

Bee Bear: (Angrily blinks twice, turns around and launches the top of the gift box in the air)

Alex: (Caught by surprise) MAN WHAT THE FUCK?!

Bee Bear: (Heavily breathes in) (Screams his lungs out of his chest)

(Bee Bear stops to catch his breath)

Alex: You done now?

Bee Bear: (Starts screaming again)

Alex: (Breaks the 4th wall and looks directly into the camera with a disappointed face)

(Alex starts to look around as Bee Bear screams. Then Bee Cub teleports in and puts the top of the gift box back where it was supposed to be)

Bee Cub: (Tired) You done boss? You might need some hot honey after screaming like that for FUCKING 3 MINUTES! (On a lower tone) It's the second time this week he breaks it...

Alex: (Caught by surprise by Bee Cub's scream) Whoah! Who are you?

Bee Cub: (Rolls his eyes) Hello Alex. Name's Bee Cub, and apparently I'M the only one with a brain around here.

Alex: Yeah, I can see. Anyway how'd you get here?

Bee Cub: (Excited by the question) FINALLY, SOMEONE INTERESTED! I build a teleportation device myself. It bends the rules of this universe, and can sometimes access other universes too! I just press a button and it creates 2 portals I can go through. That simple!

(Bee Cub proceeds to teleport all around the place to show Alex his abilities)

Bee Cub: This is only one of the many gadgets I

made. (On a lower tone so Bee Bear, still screaming, couldn't hear) This stays between us, alright? Bee Bear likes to brag with his shotgun, but he wouldn't have finished it without me! (Bee Cub seems proud of all the gadgets he built)

Alex: Wow... That's cool actually. I'm a computer guy myself!

Bee Bear: (Feels ignored) (Coughs loudly to interrupt the conversation) AAANYWAY, thanks Bee Cub for fixing the gift box. I WILL SURELY break it again, so keep that screwdriver close!

Bee Cub: You little s- (Loud sigh) (With a REALLY tired voice) Alright boss (Less loud sigh)

Bee Bear: (Looks at Alex) Also, Alex, you know why you're here right?

(Alex shrugs, not knowing the answer. Bee Bear becomes visibly mad. Bee Cub sees this and spawns a portal underneath him and gets out of the scene)

Bee Bear: (On a loud, angry tone) THE FUCK YOU

MEAN YOU DON'T KNOW?! YOU ARE BY
DEFINITION THE WORST HUMAN THE FACE OF
THE EARTH HAS SEEN

Alex: Jeez, alla that because I hate Christmas is
it?

(Bee Bear suddenly opens his eyes widely and
stares at Alex with a dead face)

Alex: (Confused) What? Did your tiny brain not
process what I said? (Arrogant) Here, let me
repeat for ya: I. HATE. CHRISTMA-

(Bee Bear launches the top of the gift box in the
air and pulls out his shotgun then points it
towards Alex. In the background Bee Cub
teleports back and, at the sight of the gift box
broken again, screams "REALLY BEE BEAR?!")

Bee Bear: WHAT THE FUCK DID YOU SAY?!?
HUH?!

Alex: (Scared) I... L-love C-Christmas...?

(Bee Bear goes silent and closes his eyes, sighs,
then loads his shotgun and shoots in the air)

Bee Bear: From now on you're going to call it Beemas. Did I make myself clear?

(When the shotgun fired, Alex fell on the ground. He was shaking like crazy)

Alex: Y-Yes, B-B-Bee Bear-r...

Bee Bear: (Suddenly happy, puts his shotgun away) GREAT! Now, we can start the REAL fun! I know you won't work for me willingly. You're too much of an asshole to have such a heart (Alex gives Bee Bear a grumpy look, and Bee Bear responds by pulling his shotgun out slightly from his back. Alex suddenly stops being grumpy) So in order for you to get out of this WONDERLAND, you'll need to finish my quests first. Sounds good to me, and it does for you too!

Alex: Actua-

Bee Bear: Nah-ah-ah! You're french. You don't have the right to have an opinion!

Alex: (Disappointed) Well that's racist!

Bee Bear: (Giving Alex a side eye) Be glad you're

not black too!

Alex: (Is surprised for a few seconds, but then gets back to normal again) So, how do I do there “quests”

Bee Bear: Well, you go hatch bees, go into fields and collect pollen, then turn it into honey. And you occasionally kill some bugs

Alex: That’s all?

Bee Bear: Yeahh... (Rubbing his head) Man this game is fun and all till you put it down on paper...

Alex: So where do I put the pollen I get?

(Bee Bear starts looking in his back pocket. Then he pulls out a little shovel and a honeybag)

Bee Bear: There you go!

Alex: So now I’m some kind of slave working in the fields?

Bee Bear: Kind of. **NOW GET BACK TO WORK!**

(Alex moves into the Dandelion field and starts collecting pollen)

(While Alex was collecting pollen, an egg fell from

the sky and hit him in the head. He looked left and right and saw Bee Bear playing with his shotgun. He took the egg and hid it, then he got back to collecting pollen)

(Alex finished the first quest, and was struggling to bring the honeybag to Bee Bear)

Bee Bear: Need help?

Alex: Oh, ye-

Bee Bear: Nah just kidding! I'm just supervising you!

Alex: You asshole-

(Bee Bear took out his shotgun and pointed it towards Alex) Sorry I didn't hear you. Can you repeat?

Alex: You... wonderful magical bear... that's what I said...

Bee Bear: (Slightly laughs) That's more like it!

Now come here and turn in the quest

(Alex continues to pull the honeybag towards Bee Bear slowly, and after a few second Bee Bear gets

annoyed and screams “FASTER, SLAVE!”)

Alex: (Heavily breathes in) OHHHHHHH,
HERE...(breathtaking break) IT...(breathtaking
break) ISS! God how heavy is pollen?

(Bee Bear picks up the honeybag without
struggling and Alex is left speechless)

Bee Bear: Here let me show you something cool!

(Bee Bear opens the gift box and drops the
honeybag in. The gift box then makes a sound,
meaning the quest was successfully turned in,
then the box opens, and the honeybag is
launched in the air. Bee Bear catches it and gives
it to Alex, alongside a voucher with Bee Bear’s
face on it)

Bee Bear: Congrats on completing your first
quest buddy! Whenever you finish a quest you
just have to drop the needed resources in the gift
box and it’ll turn in your quest. It’ll then give you a
voucher that you redeem to add the quest
rewards to your inventory.

Alex: (Confused) And how do I access my inventory?

Bee Bear: (Excited) Ohh, that's the best part!! I've developed this technology myself! (He searches in his pocket and pulls out a card with Alex's face on it) I call it the card inventory! Since you're inside of the game and don't have access to the normal inventory, I've created these cards.

Whenever you want to use an item, you can put the card in any of the card boxes scattered around the map. You got one connected to your hive too!

Alex: (Surprised) Whoah! That's... actually a lot of information... But I think I'll get a hang of it

Bee Bear: (Tiny bit annoyed) It's really not that hard to use

Alex: (Remembers the egg he found) Oh, by the way Bee Bear, I found this egg while gather-
(Bee Bear takes the egg from Alex's hand and throws it into a hive slot. It hatches into a honey

bee)

Bee Bear: Ohh, you're one of the most cursed beings I've seen!

Alex: (Confused) What... Why?

(Bee Bear slaps his face and sighs)

Bee Bear: THAT ABOMINATION OF A BEE is the DEFINITION OF THE WORD "CURSED"!

Alex: Yeah yeah, whatever... Just give me the next quest so I can get out of here faster

Bee Bear: (Laughs) Ho-HOO! You really think you'll get out of here FAST?! HAHAHAAH! Ohhh, dear B.B.M! You've got 19 more quest to do dummy!

Alex: (Eyes wide open and angry) WHAT?!?!

Bee Bear: (Laughs even harder) AND THEY GET HARDER WITH EACH QUEST!!

AHAHAHHHAHAHAA

Alex: (Speechless) Alrightt...

Bee Cub: (Teleports in the scene) Don't mind him he's a maniac. You'll get used to him laughing

hysterically at every sentence soon or later.

Alex: (Scared by Bee Cub's entrance) AHH! Stop teleporting behind my back! I swear I'll die here before I have the chance to escape!

Bee Cub: Hey weren't you supposed to be some kind of depressed emo shit? I don't see you acting like one

Alex: What just because I have my hair like this does that mean I have to be emo?

Bee Cub: (Suspicious) You hate Beemas after all...

Alex: Yeah but there's another reason for that

Bee Cub: (More suspicious) You also hate kids

Alex: Yeah well I can't sleep because of them.

That doesn't mean I'm emo

Bee Cub: (EVEN MORE suspicious) You also said that if you catch them near your apartment you'll lock them in your basement and beat the hell out of them

Alex: (Caught red handed): WHAT?! HOW'D YOU

KNOW THAT?!

Bee Cub: (Mischievous) I am always watching you... (Walks back through his portal)

Alex: (Creeped out) Jeez what'd I do to deserve this?

(Alex goes back in the fields to finish Bee Bear's second quest. As he's walking back he notices one of those boxes Bee Bear mentioned. He inserts his card inside one of them and checks his inventory)

Alex: Whoah! Almost 20 thousand honey!

(Alex notices an egg shop and decides to go there)

Alex: Hmm, 1000 honey for one egg... Might as well get some more bees!

(Alex buys one egg, then the honey price goes up)

Alex: (Surprised) WHAT?! THAT'S MORE THAN DOUBLE THE INITIAL PRICE

Bee Bear: (Overhears Alex's scream and screams back at him) THE PRICE GOES UP EXPONENTIALY

UNTIL IT HITS 10 MILLION HONEY!

Alex: Wow that's stupid. (Looks at Bee Bear and screams back) WHEN DOES IT HIT 10 MILLION

Bee Bear: WHAT?!

Alex: (sighs) I SAID WHEN DOES IT HIT 10 MILLION HONEY?

Bee Bear: OHH! ONCE YOU BUY YOUR 21ST EGG!

Alex: WHAT?!

Bee Bear: 21 EGGS!!

Alex: OHHH! ALRIGHT

(Alex buys 3 more eggs before he runs out of honey)

Alex: WHY DO THE EGGS LOOK LIKE BALLS?

Bee Bear: HUH?! YOU HAVE NO BALLS?!

Alex: NOO! WHY ARE THE EGGS BALLS?

Bee Bear: OHHH, THAT'S HOW EGGS LOOK LIKE DUMBASS!

Alex: BEE EGGS ARE NOT BALLS!

Bee Bear: IT'S A FUCKING VIDEO GAME! WHAT DO YOU EXPECT?

(Alex goes to his hive and hatches the 4 eggs he bought)

Alex: Hey Bee Bear! I finished your second quest

Bee Bear: Great pookie!

Alex: (Serious tone) Never call me that again

Bee Bear: Anyways, you know the drill: drop the needed items in the gift box and claim those juicy rewards! Mmmmm

Alex: Uhh... Bee Bear are you... drunk?

Bee Cub: (Teleports) He might've drank too much hot honey

Alex: (Drops the items in his hand) OH FOR THE LOVE OF GOD STOP TELEPORTING BEHIND ME LIKE THAT!

Bee Cub: You better get used to it! (Teleports)

Alex: This is giving me shivers down my spine...

(Turns to Bee Bear) Anyway, Bee Bear, I unlocked the big gate

Bee Bear: Which one?

Alex: (Confused) The one in front of us

Bee Bear: Dummy there are at least 15 GATES!
TELL ME WHAT NUMBER WAS ON IT

Alex: 5

Bee Bear: Oh, you mean the 5 bee gate! Now my
quests for you will also revolve around the 5 bee
zone!

Alex: No that's not what I mea-

Bee Bear: TOO LATE! HAHAHAA! Also be carefu-
(Alex leaves)

Bee Bear: Oh I'll have a lot of fun watching him
find out what's inside that cave! BEE CUB!

Bee Cub: (Teleports) Yes boss?

Bee Bear: Make me some popcorn!

(Bee Cub breaks the 4th wall by looking directly
into the camera with a disappointed face)

(Alex heads in the first field he sees. It's a white
field. Then he feels watched and decides to look
into the cave located near the field. He sees
many red eyes, and a spider pops out of the field
and starts to chase Alex. His bees fail to attack

the spider, and Alex ends up running in a circle while screaming)

Bee Bear: (Eating popcorn and laughing) Oh-hOOO! I'm having SO MUCH fun with this little fella!

Bee Cub: Uhh, boss shouldn't you go... help him?

Bee Bear: Nah, he's got it all under control! And besides if the spider kills him he'll just respawn

Bee Cub: Uhh... boss... he's not a normal player... he won't respawn

Bee Bear: (Spits out the popcorn) OH SHIT YOU'RE RIGHT! ALEX I'M COMING NOW!

Bee Cub: How am I smarter than my creator? HOW DID HE CREATE ME IN THE FIRST PLACE?!

(Bee Bear arrives in the spider field and shoots the spider, killing it instantly and making it pop into lots of rewards)

Bee Bear: You're welcome! I tried to warn you about it but it seems that you didn't really care

Alex: At least it's dead now...

Bee Bear: Nuh uh! The spider respawns every 20 minutes or so

Alex: HOW?

Bee Bear: Idk man it's a game what do you expect?

Alex: Fair point. (Sigh) Guess I need to get more bees to kill it

Bee Bear: No you dumb shit! Did you see the number on it's back?

Alex: Yeah... What about it?

Bee Bear: That number represents it's level. Your bees need to have at least the same level to not miss their attacks

Alex: Ohh, and how do I level up my bees?

Bee Bear: (Sigh) You use the card I gave you to feed them treats and food. That's how they level up

Alex: (Digs around the loot pile) But I found treats in here!

Bee Bear: Yes smartass but do you want to carry

all of that in your back?

Alex: No...

Bee Bear: EXACTLY! That's why I gave you a card.

Makes stuff much easier

Alex: But how do I put this on the card?

Bee Bear: Bring it to my gift box. Put these in it and it'll make another voucher you can redeem on your card

Alex: (Sigh) So in the end I do need to carry them...

Bee Bear: Yeah but only once

(While Alex was bringing bits of the loot, he stopped to catch his breath)

Alex: (Tired) Jeez why is it so hard... Does it always drop this much?

Bee Bear: Nah, it's just my shotgun that buffed the loot dropped by 10.000%! Usually, the loot is horrible

Alex: Oh. Well at least I won't have to carry so much stuff

(As Alex was collecting the loot from the spider, a mythic egg hit him)

Bee Bear: How'd you get that?

Alex: I have no idea. It just hit me in the head

Bee Bear: Interesting... Anyway go hatch it, it'll give you a mythic bee!

(Alex hatches the egg and gets a Vector Bee)

Alex: Nice! A bee that has to do with math!

Bee Bear: Wow, alright nerdy boy

Alex: Shut up! Math is fun

Bee Bear: Calm down I was joking around! I'm a math fan myself!

Alex: Sure, sure...

Bee Bear: Anyway, congrats! You're getting better at this faster than I expected

Alex: Heh, maybe it's not as bad as I said it is...

Bee Bear: (Acts like he didn't hear Alex) What'd you say?

Alex: (Surprised) Nothing, nothing! Also, Bee Bear, here you go!

Bee Bear: Hmm... my second quest. That's great Alex! Here, I think you got the hang of collecting pollen. What about killing some of those pesky bugs? THIS WILL BE FUN TO WATCH!

Alex: (Intrigued by the idea of killing) Ohoh! Now you're speaking in MY LANGUAGE!

(Alex upgrades some of his bees and goes on a killing rampage, returning to Bee Bear's gift box with an unhealthy amount of loot)

Bee Bear: Oooh, looks like B.B.M. treated you well this hunting rampage!

Alex: Yeah... By the way who's B.B.M.?

Bee Bear: (A little frustrated) Don't get mad, Bee Bear. He couldn't have known... (Sigh) B.B.M. is short for Bumble Bee Man. He's the TRUE spirit of Beesmas. He owns the all feared Naughty List, and he can see EVERYTHING! Everyone around here prays to him for good luck. He's kind of like a God. And, if you complete ALL the Beesmas quests, including mine, you can take the final

quest, that being B.B.M.'s Naughty List. It's known as the hardest quest in the world, having some absurd requirements, and taking sometimes WEEKS to finish

Alex: (Really interested) Whoah! That's cool! It's clear you're really interested about BBM, Bee Bear!

Bee Bear: (A little shy) Heh, well after all thanks to him I got all my powers!

Alex: Anyway, I'll get back to my quest. It's almost over! I'm waiting for the spider to come back so I can kill it too, and then it's over

Bee Bear: This time you won't need me to save your life right?

Alex: Don't worry! I leveled up my bees! I can handle it now!

Bee Bear: I believe in you buddy!

(Alex leaves and Bee Bear stretches. Then Bee Cub teleports)

Bee Cub: BOSS, BOSS! CODE GUMMY RED! I

REPEAT! CODE GUMMY RED!

Bee Bear: SHIT! NONO, I DON'T HAVE TIME TO TAKE CARE OF THAT! ALEX WILL BE IN DANGER!

Bee Cub: WHAT DO WE DO SIR?!

Bee Bear: CALL IN THE "BELIEVERS"!

Bee Cub: UNDERSTOOD, SIR! (Goes back through the portal)

(Bee Bear starts pulling his ears out, clearly stressed)

Alex: (Confused) Heyy... Bee Bear... You ok?

Bee Bear: (Scared by Alex's sudden appearance; slaps himself to gain control again) Yes, yes I-I'm fine (He's still shaking slightly) W-What do you need...?

Alex: I... uhh finished your quest...

Bee Bear: Oh, great! You should get a better collector and backpack now. That honeybag won't help you during this quest at all!

Alex: Yeah, I know... On the second quest I had to empty it 30 times... it was a pain

Bee Bear: I feel you man, I feel you

(Alex claims his rewards and comes out from Noob Bear's shop with the vacuum and the honey jar)

Bee Bear: Now, now, that's more like it!

Alex: (Happy) Alright, I'm ready for the 4th quest, Bee Bear!

Bee Bear: As you wish!

(Alex continues collecting pollen from the bamboo field, and notices another gate. He walks up to it and reads "Hatch 10 bees to open this gate" So he goes back and buys the rest of the eggs he needs to open the gate)

Alex: Hey, Bee Bear! I got access to the next zone. I believe it's called the 10 bee zone...?

Bee Bear: (Starts clapping) **SPLENDID! YOU'RE ONE OF US NOW! YOU LEARNED THE WORDS WE USE! NOW I DON'T HAVE TO EXPLAIN EVERYTHING!** (Bee Bear pats Alex on his back pretty powerful) I'm proud of you, Alex!

Alex: (Happy) Heh, thanks Bee Bear! Now if you excuse me, I'll go explore that area a little

Bee Bear: Go ahead!

(Alex walks in the 10 bee zone and checks the fields, chats a little with Science Bear, finds Dapper Bear's shop and is scared nearly to death by the Stump Snail. He then walks inside Pro Bear's shop and comes out exactly the same. He then jumps off the cliff)

Bee Bear: (Scared) NO, IDIOT YOU'RE GOING TO DIE!

(Alex then opens his newly bought parachute and slowly glides down until he arrives in the Dandelion field)

Bee Bear: You scared me to death! You know if you die here you die for real right?

Alex: (Still laughing) Oh you should've seen your face! It was all worth it!

Bee Bear: (A little annoyed) I'm serious. Be careful. I still didn't test if you humans take fall

damage and I don't want you to be the first to test it!

Alex: Don't worry, Bee Bear! Now that I got the parachute falling to my death is out of the question!

Bee Bear: Alright, alright... (Still grumpy because he fell in Alex's prank)

Alex: By the way, I finished your 4th quest!

Bee Bear: Oh really? Took you that little time? I'm impressed! Say, if you finish this next quest just as fast I'll give you something special!

Alex: That's more like it!

(Alex leaves)

Bee Bear: Bee Cub! What else happened?

Bee Cub: (Teleports, with a sad tone) I'm afraid they're already on their way...

Bee Bear: WHAT?! NONONO! THIS IS NOT GOOD!

Bee Cub: (Sad) It indeed isn't (sniff) And only one of the four Believers got my message. She'll be

here anytime soon

Bee Bear: (Relieved) That's good... She can take care of Alex while I prepare...

Bee Cub: (Stressed out when he hears Alex's name) What about Alex? He's in the most danger.

Bee Bear: I know. If we're attacked, I'll just teleport him out of here. I can't risk his life...

Bee Cub: So... does this mean we fail our mission...?

Bee Bear: (Dissapointed in himself) Better fail one Beemas than loose a life (About to cry)

Bee Cub: BOSS SNAP OUT OF IT! We'll find a way to succeed. We've defeated them multiple times already! We can do it once more

Bee Bear: This time's different Bee Cu- (Bee Cub slaps Bee Bear) HEY!... Wait I actually needed that. Thanks buddy!

Bee Cub: Now THAT'S the Bee Bear I know! For nothing boss! Also, should I go help Alex?

Bee Bear: Do as you please, my friend! But I feel

like he needs it

Bee Cub: (Prepares teleporter) Already on my way!

(Bee Cub teleports next to Alex)

Bee Cub: Alright I've come here to help you finish your goddamn quest faster. Thank me later

Alex: (Scared by Bee Cub) SHI- Oh, Bee Cub...

Alright I guess, where do we start first?

Bee Cub: What do you need to do?

Alex: Let's see... Hmm... Collect 100 thousand pollen from Pineapple Patch... Defeat 10 Rihno Beetles... Defeat 3 Mantises... Catch 20 snowflakes... Collect 10 thousand Goo fr-

(Bee Cub jumps when he hears the word "Goo")

Alex: Uhh... Is everything alright, Bee Cub?

Bee Cub: (Recovering from the shock) Y-yeah... it-it's ok... I-I'm ok... (Coughs) Alex, please continue...

Alex: Alright... So, collect 10 thousand Goo from red flowers... Aaand that's it!

Bee Cub: Alright, let's get to it!

(Alex and Bee Bear head into Pineapple Patch, then a Mantis and a Rihno Bettle come out of the pineapples and attack. Bee Cub one shots the Rihno Bettle, and the Mantis, scared, tries to run, but Bee Cub teleports in front of it and throws it in the wall, then Alex's bees sting it to death)

Alex: Whoah, you really got some moves!

Bee Cub: (Flattered) Thanks! I train a lot during the year

Alex: Oh, I can see that!

Bee Cub: Alright, alright! Enough with the sweet words, time to make some sweet honey!

(Bee Cub takes out many items: a glitter, 3 loaded dices, a marshmallow bee, a super smoothie, one of each nectar vile, a bazooka loaded with gumdrops, a lot of cloud vials and finally a festive bean, and then looks at Alex and makes an "Ehh?" sound, expecting Alex to be surprised)

Alex: (Not surprised by all the items Bee Cub has)
What's all that stuff for?

Bee Cub: How in B.B.M.'s name aren't you surp-
You are new here, yeah that makes sense. These
items are the base of a strategy called "boosting"

Alex: What on earth can you boost? Your bees?
Do they gain muscles?

Bee Cub: No, dummy! You boost the fields and
yourself. See that some flowers are bigger and
some smaller?

Alex: Yeah

Bee Cub: Alright, now look at this (He spawns a
couple fuzzy bombs and pushed them into a
flower until it grows into a star flower)

Alex: WHOAH! That's a massive flower!

Bee Cub: You know what else is massive?

Alex: (Faceslap) No, fuck you. Don't say it

Bee Cub: (Laughing) What? I was gonna say
sprouts are huge

Alex: What's thAAAAAAAAAAAAAAAAAAAA

(Bee Cub plants the Festive bean and a Festive Sprout grows under Alex, rising him in the air)

Bee Bear: (Hears the festive sprout grow) What's that little mischievous cub doing? Wait... IS THAT ALEX ON THE FESTIVE SPROUT?!

Alex: BEE CUB GET ME DOWN!!

Bee Cub: (Laughing and rolling on the ground) OhhOH, You should've seen your face! Ah, this story will forever stick with me!

Alex: Haha, funny. NOW GET ME THE FUCK DOWN!

(Bee Bear gets up and kicks the festive sprout's root, making it shake. Alex starts falling and screaming. Bee Cub moves out of the way and creates a portal in the spot where Alex was about to fall, then another portal next to him, where Alex ends up unharmed. Bee Bear comes flying, stopping next to Bee Cub)

Bee Bear: Are you stupid? You could've ended Alex with your stupid joke!

Bee Cub: (Still laughing) What? A little prank did no harm! And besides, he's all safe and sound... Physically...

(Alex was rolled into a ball in a corner of the field, whispering to himself)

Bee Cub: (Goes next to Alex and hands out another festive bean while giggling) Wanna try yourself?

(Alex is scared at the sight of the bean and tries to get up, falls then crawls away as fast as he can)

Bee Bear: (To Bee Cub) Leave him alone before we need to do therapy with him

Bee Cub: (Whiping his tears from laughter)

Alright, alright. Don't worry Alex! No more sprouts sending you to Heaven anymore!

(Alex, still scared, gets up and comes back to Bee Cub)

Bee Bear: I'll keep my all-seeing eyes on you, Bee Cub! (Says this and then flies away to his spot near the hives)

Bee Cub: Byebye boss! Alright Alex, we need to pop this sprout together

Alex: I can tell there's something special about it. Tell me what is it?

Bee Cub: This sprout spawns some special tokens. When you collect them you gain the well known "Beemas Blessing" and "Beemas Cheer". They are two different blessings, both making you a honeymaking factory! But beware: The festive beans are extremely rare and should only be used when making huge boosts!

Alex: Then why'd you use one?

Bee Cub: I have an infinite supply of items! I can use them how I please!

Alex: If you say so...

Bee Cub: Watch out for the tokens with Bee Bear on them! Those are the "Beemas Blessing" tokens. The blessing instantly converts all your pollen to honey as long as it's active!

Alex: That's crazy actually! No more walking to

the hive and back!

Bee Cub: Yeah, and the tokens stack too!

Alex: What do you mean “They stack”?

Bee Cub: Well, each token gives around 10 seconds of the specific blessing. But these ones stack! And you can get quite a long lasting blessing with one of these sprouts!

Alex: Oh, that makes sense. But you said you can get a long blessing from sprouts. That means there’s other means of getting these 2 blessings, right?

Bee Cub: You’re surprisingly smart! There is one other way. You saw Bee Bear has 2 bees around him right?

Alex: Yeah. A dog bee with a red nose and some reindeer antlers, and a gift box bee with some kind of wreath

Bee Cub: The first one is called Puppy Bee, and it wears the reindeer antlers beequip, and the other one is called Festive Bee, and it wears the Festive

Wreath beequip. Both beequips are rare and only obtainable during Beemas, and Festive Bee is Bee Bear's favorite bee. It can craft gifts and give them to all the players. These gifts contain a couple of items, nothing too special. But they also contain the blessing tokens.

Alex: But the festive sprout is better because you can get a longer blessing

Bee Cub: Exactly. Now let me show you all the items we'll use to make honey fast

(Bee Cub takes out each item one by one and quickly explains it)

Bee Cub: This is a glitter. Beekeepers use it on fields to boost them. Each level of boost gives you +100% pollen from that field. This is a field dice, and this is a loaded dice. The normal dice boosts a random field once. The loaded dice, however, boosts 3 random fields 3 times, with a higher chance to boost the field you are in.

However, using another dice will override the

previous boost. These are nectar viles. You need to drink them to gain nectar boosts. There are 5 nectar types, but there's a bear here that can explain nectar better than me. This is a super smoothie. It's extremely strong and can boost your honey-making by a lot. And finally, this is my own creation. A bazooka loaded with gumdrops. You can use gumdrops on a field to cover the flowers with goo. Pollen covered in goo give extra honey when collected. However, it's inefficient to keep throwing gum in the air, so I just made a bazooka that shoots A LOT of goo over the field! A few shots and you'll have enough goo for a boost! Unless you're a white hive. Then you never have enough goo, even with 5 other people launching gumdrops!

Alex: Alright. I understood everything apart from the last bits when you started talking about white hives...

Bee Cub: You weren't meant to understand that

either way. Now let's ball!

(Bee Cub climbs on a pineapple and starts shooting goo with his bazooka, laughing maniacally. Alex continues collecting pollen, surprised by the fact that his backpack was not filling up)

Bee Cub: Stay under the clouds, Alex! They give you more pollen if you stay beneath them!

(As Alex was collecting pollen, an Aphid jumped out of a leaf and started walking towards him.

Bee Cub shoots with the bazooka towards the aphid and covers it in goo, preventing it from moving. He then jumps on it and kills it)

Bee Cub: That's an aphid. It's quite rare. It can jump out of leaves every once in a while, and killing it will greatly reward you. Come on, collect all these tokens it dropped!

Alex: Say... how dangerous is one of these aphids?

Bee Cub: Not dangerous at all! Did you see how

slow it was? If you just walk there's no way it'll catch up with you. But you should try and kill it if you have a chance. It'll be gone in a minute if you don't kill it!

Alex: Also, my blessings are going to end soon

Bee Cub: How do you know? You can't see them!

Alex: I calculated how many tokens I managed to trigger and they were around 30. And since each gives 10 seconds that adds up to 300 seconds. And it's almost been 300 seconds.

Bee Cub: Stand still a second (taps Alex on the chest to check his game stats) Bro are you a walking calculator? How'd you do that?!

Alex: Nothing but pure math! Also, how long is a field boost?

Bee Cub: 15 minutes, why'd you as-

Alex: Then I got exactly 8 minutes and 35 seconds left of my boost

Bee Cub: (Checks the stats) BRO HOWWW?!

Alex: Hehe, I knew math would turn out to be

useful! Anyway, what do I do when my backpack starts filling up?

Bee Cub: (Hands Alex a bunch of micro-converters) Trigger one of those. It'll instantly convert all your pollen into honey

(Alex continues to boost, until his field boost runs out. Then both him and Bee Cub teleport behind Bee Bear to scare him)

Alex: Hey Bee Bear!

Bee Bear: OH FUCKING SHIT-(Drops his shotgun)
ALEX! WHY'D YOU DO THAT?!

Alex: (Laughs hysterically) Ohh, now I understand you, Bee Cub! This IS fun!

Bee Cub: (Also laughing) I told you!

Bee Bear: (Annoyed) So that's why you came here? To make fun of ME?!

Alex: Actually, we're here because I've finished the quest, and made a boost with Bee Cub. I got myself some better equipment too!

(Alex shows Bee Bear his new backpack and his

new collector: The port-o-hive and the honeydipper)

Bee Bear: Nice, nice... Anyway you said you finished the quest right?

Alex: (Nods)

Bee Bear: Well then, here's your prize! (Hands Alex a festive planter) This is a festive planter. It'll grow in a few hours and you can collect it for a lot of honey and rewards! Just plant it in a field and watch the magic unfold!

Alex: (Looking at the planter suspiciously) No tricks?

Bee Bear: No tricks!

Alex: (Still suspicious) If you say so... Where should I plant it?

Bee Bear: Hmm... Probably you might want to plant it in Pineapple. It's the best field you got access to at the moment.

Alex: Alright (starts walking towards the 10 bee zone)

Bee Cub: (Teleports next to Alex) Want a ride?

Alex: (Enlightened) Heck yea I do! Let's go!

(Alex and Bee Cub teleport away)

Bee Bear: Heh, he's starting to have fun. (A little worried) But time is running low... I just hope I can do this...

(A few seconds later a cannonshot is heard and Alex comes flying down, and opens his parachute last second before crashing in the ground. Bee Bear almost fainted seeing Alex fly through the air)

Bee Bear: HHHHHH... WHY'D YOU DO THAT?!!

Alex: (Laughing) Ohh, your face!!! I used the cannon to get back down.

Bee Cub: (Teleports behind Bee Bear, proudly) I taught him how to launch himself out of the cannons. You're welcome!

(Bee Bear was boiling)

Bee Bear: (Angry, trying to contain himself) May I know why in the HOLY NAME OF B.B.M. YOU HAD

TO TEACH HIM TO LAUNCH HIMSELF OUT OF A
FUCKING CANNON?!

Bee Cub: (Shrugs) I dunno. Aren't those cannons
here so players get around easier?

Bee Bear: NO- Wait I think you're right...

Bee Cub: (Proud) See? I'm always right!

Bee Bear: That doesn't justify teaching Alex how
to launch himself out of cannons! We don't know
if he takes fall damage or not!

(While Bee Bear and Bee Cub were arguing, Alex
climbed up the hives)

Alex: YE SHALL FIND OUT NOW! (Jumped head
first off the hives)

Bee Bear: ALEX DON- IDIOTTTTTTTTTT!

(Bee Cub flew and caught Alex mid flight)

Alex: Oh come onn! We could've found out if I
take fall damage or not

Bee Bear: You're not the one that'll test that!

Now, let's get back to work!

Alex: (Disappointed) Alright... Alright...

Bee Bear: Good... NOW GET BACK TO COMPLETING QUESTS!

Alex: Jeez, you don't have to be so loud. I can hear you ya' know?

Bee Bear: (Cough) Sorry I got used to yelling

Alex: I can see that...

(Alex goes on and returns to farming in fields for Bee Bear's quests)

Bee Cub: (Teleports to Bee Bear, who was snoozing) Boss, she's here

Bee Bear: AH, THE GUMM- Oh. B-Bee Cub... It's you. Sorry what did you say?

Bee Cub: (Containing his laughter) I said that she arrived.

Bee Bear: (Claps) PERFECT! Now we got a window to prepare for what's to come (breaks the fourth wall and stares at the camera) No, dear viewers, we won't spoil the plot of the movie! It'll lose its spark!

Bee Cub: (Confused) Who you talking to?

Bee Bear: The audience!

Bee Cub: (Points towards the new camera angle)

You mean those silly looking people?

Bee Bear: Yyyup!

Bee Cub: Oh. (Waves at the camera) Hii guys!!

Bee Bear: (Giggles) Heh, now we shall get back to work! (Looks at the camera and winks) Enjoy the show!

(Bee Bear and Bee Cub both jump into a portal.

The camera then moves to Alex, which while collecting pollen in Blue Flower field, notices another human running around fields chasing Puffshrooms. He clearly notices that player has better gear than him. Then out of a sudden, that player jumps over the field Alex was in and

shoots themselves with the slingshot to catch more Pufshrooms. Alex stops collecting pollen and looks at the player amazed. Then he got a small glimpse at the player's face. She was a girl.

Alex was surprised by how pretty the girl was, and

even dropped his collector)

Alex: (Slaps himself and tells himself) Keep it together, Alex! KEEP IT TOGETHER!

(After filling up his backpack, Alex returns to the hives to make honey)

Bee Bear: Sooo, how's it going, mate?

Alex: It's alright. Progress isn't slow, but it ain't fast either

Bee Bear: That's just how it is. You'll get used to the slow progress rate.

Alex: (A little hesitant) Also... You see what I see there? (Points towards the player popping Puffshrooms)

Bee Bear: Ah, yes! Those are Puffshrooms! (A little grossed out) Those pesky parasites! They gave PTSD to many people! They are a pain to take care of! And I'll task you at one point to pop them.

Alex: NO DUMMY! I MEANT THE OTHER HUMAN! WHO IS SHE?

Bee Bear: (Blinks twice) OHHHH, YOU MEANT KATY! (Scratches his head) My bad, I'm tired already! Yeah she's here just like you are, however she can get out whenever she wants!

Alex: And why can't I?

Bee Bear: (Looks Alex dead in the eyes) Because you are kind of like in prison here. You're paying off all the bad deeds you did

Alex: (Tries to get mad but fails) YOU- That's actually a solid reason

Bee Bear: (Surprised) Wow, I was expecting a breakdown right now. You're making progress!

(Talks before Alex gets a chance to answer)

Anyway, go talk with her! I'm sure she'll enjoy meeting a guy like you!

Alex: Are you hearing yourself? I'm an asshole from every angle you look at me

Bee Bear: (Snaps his fingers) You perfectly described yourself! Good job! But jokes aside, I'll help you with what to say in order to give a good

first impression.

Alex: (Surprised and excited) Really?!

Bee Bear: (Proud) Yeah, now go get her tiger!

(Alex heads towards the 5 bee zone. Katy notices him and stops running around, then welcomes him)

Katy: Oh, hello! It's good to see some new faces every once in a while! (On a lower tone) Those 3 guys get really annoying sometimes. Anyway, what brings you here? (Before Alex could answer) OH, WHERE ARE MY MANERS? Name's Katy, but I think Bee Bear told you already. What's yours?

Alex: (Struggling to talk) I-I'm Alex...

Katy: (Reaches out her hand for a handshake)

Glad to meet you Alex! (They shake hands; Alex was slightly shivering) Alright, now I can ask what brings you here. Bee Bear is really secretive about the technology he uses to bring people to this realm. He doesn't want it to be discovered. I'm one of the few people he trusts!

Alex: (Not knowing what to say; looks at Bee Bear and sees him holding a sign and read what it wrote) I've been locked in here by him temporarily. He didn't tell me why, only told me to complete his quests.

Katy: Oh... That's unfortunate for you I suppose... Not being able to leave sounds quite painful

Alex: (A little terrorized) It iss!

Katy: Anyway, I believe he needs more help, and he chose you. I dunno, his reasons are always a secret. You're one hell of a lucky man if he tells you even one reason for why he does something!

Alex: Oh... I didn't know that before...

Katy: It's okay! As long as he's taking care of you that means you mean a lot to him. He might be a little arrogant, but he has a big heart...

somewhere in his body. Anyway I guess you need help with your quests, right? I'm just looking at your backpack and it's giving me flashbacks of the time I had such gear... (Katy shivers)

Alex: (Looks at Bee Bear, who was laughing, but still holding up the sign) Yeah, I definitely need some help!

Katy: Alright, let's get to work then, Alex!

Alex: Okay, let me empty my backpack first! And check in with Bee Bear while I do that

Katy: I'll wait here.

(Alex returns to the hives, where he is greeted by Bee Bear)

Bee Bear: That went SMOOTHLY!

Alex: Thanks!

Bee Bear: (With a serious face) Do you like her?

Alex: WHA- I mean... why would you say that...?

Bee Bear: (Gives Alex a side eye) Be honest.

Alex: (Giggling) W-What do you mean?

Bee Bear: (Shrugs) Alright, then you won't mind if I go and tell her tha-

Alex: WAIT! Yeah you got me

Bee Bear: (Laughing) Haha, you can't hide from me in my world!

Alex: Now what? You'll use this information to torture me?

Bee Bear: Why would I? My shotgun is already more than enough! (To himself) And besides, I can use this as a reason to make you a better person faster!

Alex: (Not hearing the last part) Yeah that shotgun's enough to give me 15 new traumas! Oh, my backpack's empty! Time to go! See ya, Bee Bear!

Bee Bear: Goodluck!

(Alex gets back to Katy and they start farming together)

Katy: So, what do you think of this world so far, Alex?

Alex: Hmm, clearly not expected to spend my holiday trapped in another universe.

Katy: Yeah that's a bit of a pity. You should've spent it with your family instead!

Alex: (Suddenly stops smiling and looks down) I...

I don't have a family.

Katy: (Shocked, covers her mouth with her hand)

Oh my God, I'm soso sorry Alex. I-I didn't know...

(on a lower tone) I'm sorry!

Alex: It's okay, you had no way of knowing

anyway. (Looks up at Katy and forces a smile)

Anyway, you asked me what I think about this place, right?

Katy: (Still in shock) Y-Yeah... G-Go on...

Alex: Other than the fact I'm stuck here until Bee Bear frees me, it's quite a peaceful place. Sure, Bee Bear is crazy and all, but I've never had so much fun before!

Katy: (Less shocked) Haha, that's great to hear!

Alex: (Checks his quest progress using the card Bee Bear gave him; Katy notices the card) Hmm...

I've finished with the pollen in bamboo... I need pollen from pineapple now!

Katy: Bee Bear gave you a card too, huh?

Alex: Yeah, he said it'll make my life a lot easier! I

still don't know how it works though...

Katy: I have no idea either, and it's better if you don't question how stuff works around here.

Alex: Why's that?

Katy: Well, Bee Bear casually defies all the laws of physics in this realm. He can do anything he wants. So most things don't have any logic for us.

Alex: That explains the spider coming back to life every 20 minutes...

Katy: See? Nothing here makes sense! And that's why it's so beautiful in my opinion! You just take a break from reality when you get here. Forget about all your past worries! It's wonderful isn't it?

Alex: Yeah, it is, I suppose...

Katy: (Stretches) Enough talking, let's get back to finishing your quest!

Alex: (Happy) Okay!

(Alex and Katy start walking together to the pineapple patch. In the meantime, Bee Bear had set up manequines and he started training his

shotgun aim, and next to him, Bee Cub was training his martial arts skills. Both Katy and Alex fire themselves out of the yellow cannon, and Katy opens her glider and they safely land next to the hives)

Alex: Bee Bea- What are you guys doing?

Bee Bear: (Turns around and jumps) Us? Eh, uhh, n-nothing! (Gives Bee Cub a side eye and he opens multiple portals that teleport the manequines away)

Alex & Katy: (Suspicious) Suree...

Katy: (Looks at Alex) Anyway Alex, you know where to find me. I'll go take care of more Puffshrooms

Alex: Alright! I'll be back soon okay?

(Katy nods and launches herself out of the red cannon. Alex stares at her, mesmerized)

Bee Bear: (Slaps Alex) Snap out of it motherfucker!

Alex: (Comes back to reality) Huh? What?

Bee Bear: (Faceslaps) Dear B.B.M. hold me... On a scale from 1 to 10, how much are you in love with Katy?

Alex: (Blushes) M-Maybe a 7...?

Bee Bear: (Grabs Alex by the shoulders, angrily) NO, IDIOT! ON A SCALE FROM 1 TO 10 YOU'RE AT 18. YOU BROKE MY SCALE!

Alex: (Confused) How can I break something that doesn't physically exist?

(Bee Bear pulls out a scale from 1 to 10, and points to the indicator that skyrocketed out of the scale)

Bee Bear: How am I supposed to fix this scale now?

Alex: Okay first of all, why do you just carry around a scale like that?

Bee Bear: What do you mean? Doesn't any normal person carry around a scale?

Alex: NO?!

Bee Bear: Uhh... well this is awkward...

Alex: (Faceslaps) Anyway, I finished the quest...

Bee Bear: (Puts the scale away) Great! What quest is this one?

Alex: (Shrugs) I lost count! Weren't you supposed to keep track?

Bee Bear: (Scratches his head) Yeahhh... About that... (Slight giggle)

Alex: (Faceslaps again) Great...

Bee Bear: Fear not friend! I can check the amount of vouchers the giftbox printed. That's basically the amount of quests you completed so far

Alex: OH THANK YOU B.B.M.!

Bee Bear: (Excited) Did I hear you pray to B.B.M.?

Alex: Yeah, I started parying to him a little time ago. It seems that praying to him while I'm here helps mor-

(Bee Bear hugs Alex and lifts him off the ground)

Bee Bear: That's my boy!

Alex: (Squished) B-Bee Bear...! You're squeezing all my organs INTO JUICE!

Bee Bear: (Drops Alex) Oh, sorry! (Scratches his head) I got a little too excited!

Alex: (Stretches) It's alright. Let's just hope none of my organs turned into jelly!

Bee Bear: Also, you've completed 6 quests so far! This is the 7th out of 20!

Alex: WAIT, 20?!?

Bee Bear: Yeah, but don't worry! There's no chance you complete all 20 of my quests! I'll let you off the hook this time!

Alex: So, does that mean I can leave?

Bee Bear: Not yet! You still have time to do more quests. I'll let you leave when it's time.

Alex: If you say so. It's not like my faith has been in your hands for the entire time I've spent here.

Bee Bear: (Turns back to Alex) Anyway, here's your voucher, and I added your next quest in the quest tab! Goodluck! (With a funny look) With Katy I mean!

Alex: (Laughs, then looks to the side) Haha,

thanks! See ya, Bee Bear!

(Alex starts running towards the 5 bee zone)

Bee Bear: (Realizes the quest requires Alex to access the 15 bee zone) ALEX WAI- Dammit, he's gone already. Eh, he'll figure it out eventually.

(Alex reunites with Katy, and they check the quest requirements together)

Katy: Hmm... Pollen from cactus field, defeat a vicious bee and a snowbear... and buy 3 items from Bee Bear's catalog

Alex: (Laughing) I don't know what half of those things are

Katy: (Wink) I'll help you with this quest! (Turns around) Now let's go collect from cactus!

(Alex and Katy walk to the 15 bee zone. Katy walks through the gate, but when Alex follows he hits an invisible wall)

Alex: Ow, what's this? (Punches the invisible wall)

Katy: Alex, how many bees do you have?

Alex: 10, why do you ask?

(Katy holds her face with her hand)

Katy: Oh my... Just stand still for a few seconds.

Alex: Ok, mommy!

Katy: (Didn't hear him (THANK GOD)) Huh?

Alex: (Scared) UHH, NOTHING!

(Katy throws a coconut in the air. She then prepares to run. Alex looks at her confused)

Alex: Uhh, Katy...?

Katy: Stand still...

(The coconut suddenly became huge in the air.

Alex notices the coconut was about to crash into Katy)

Alex: (Stressed) KATY, THE COCONUT WILL HIT YOU!

Katy: STAND STILL ALEX!

(Alex tries to rush to push Katy out of the coconuts way, but before he manages to move, the coconut hits Katy and cracks. Then Katy rushes, grabbing Alex with her arm and holding

him close to her chest. Alex realizes she's holding him tightly and blushes. Katy jumps on top of Mother Bear's cover, scaring her. Then runs along the fence and stops at the egg shop)

Katy: That's coconut haste! Whenever a coconut hits me, my shoes give me insane speed for a short time! (Shows Alex her coconut clogs)

Alex: Oh... Yeah I forgot nothing makes sense here... I thought that coconut would smash you completely!

Katy: Nah, but it can convert some of the pollen in my backpack!

Alex: Yup, I'm not even gonna question it!

Katy: (Laughs) Yeah, it's better like that!

Bee Bear: (Notices them) Heh, so you figured out you need more bees for this quest? I wanted to warn you, but I was too late!

(Alex buys 5 more eggs and hatches them. 3 of those eggs hatch into honey bees)

Katy: (Giggles) Why do you have so many honey

bees in your hive?!

Alex: I don't have any idea! Most of my eggs hatch these bees.

Bee Bear: (From the background) I told you you're cursed, but you didn't listen! (Katy laughs)

Alex: (To Katy) About that, do you know what this joke's about? I don't get it. Why is this bee "cursed"?

Katy: I don't get it either! But the others make it too and they laugh so much about it. I'll ask them when I see them, and I'll tell you!

Alex: (Sighs) Alright

Katy: Anyway, let's go finish that quest!

Alex: (Even louder sigh) Here we go again walking!

Katy: (Drags him back) Hold on! Where are you going?

Alex: Walking to the cactus field?

Katy: (Holds him next to her) Come on! Walking's boring! I'll fire myself out of the red cannon while holding you!

Bee Bear: (Appears next to Katy) But he hasn't discovered 25 bees yet! He can't use that cannon!

Katy: (Looks at Bee Bear confused) But he's not the one firing the cannon. I am

Bee Bear: It doesn't- Wait that's actually a clever wormhole! Didn't think of that!

Katy: See? Now, if you'll excuse us, we got a quest to finish! (Holds Alex tightly again, making him blush) Alex, you might want to hold onto me for this one!

Alex: (Shy) A-Alright! (Hugs Katy)

(Katy jumps in the cannon and launches herself out of it. Alex was still holding onto Katy. She then opens her glider and slowly descends into cactus field)

Katy: Here we are! Now let's start!

(Alex and Katy start gathering. While gathering, Alex is hit by a Mythic egg in the head)

Alex: OUCH! What's with the eggs?! It's the

second one so far! (Picks up the eggs) This ain't a natural bee egg...

Katy: (Notices the Mythic Egg and makes a loud "OOOOHHH" sound) ALEX HOW'D YOU GET THAT??!

Alex: (Shrugs) It just hit me in the head!

Katy: (Excited) Oh my God! Oh my God! OH MY GOD!! (Grabs Alex again and rushes to the hives, where she starts jumping up and down) IT'S A MYTHIC EGG!! IT'S A MYTHIC EGG!!

Alex: (Confused) Uhh... What?

(Katy is too excited to explain, and continues jumping up and down shouting "MYTHIC EGG!!" every few seconds)

Bee Bear: (Comes to Alex's hive) That's a... (waits a second for Katy to shout "MYTHIC EGG" again) Exactly! It always hatches into a Mythic bee, the rarest type of bee there is! Give it a try, see what you get!

(Alex hatches the egg. It spawns a Vector Bee)

Bee Bear: OOO, A Vector Bee! Really suits your nerdy character!

Alex: (Not paying attention to Bee Bear; takes out a ruler and starts measuring the triangles on the Vector bee; it looks at Alex, confused, but doesn't move) Hmm... Let's see...

Bee Bear: (Frustrated) You said normal people don't carry around scales!

Alex: (Looks at Bee Bear) First of all, this is a ruler. And second of all, do I look "normal" to you?

Bee Bear: (Thinks) Two great arguments, indeed... (Alex finishes measuring the lengths of the triangle's sides, and gets up)

Alex: Those are equilateral triangles!

Bee Bear: (Confused) Say what?

Alex: (Faceslaps) That means all of the triangles sides are of equal length. I measured them and the length of each side is around 10 centimeters. That means the area of each triangle is... square root of 3... multiplied by 10 squared... divided by

4... Around 43.3 centimeters squared!

Bee Bear: Surely not... (Pulls out a calculator, and calculates the area) HOW DID YOU EVEN CALCULATE SQUARE ROOT OF 3?! HOW DID YOU THEN MULTIPLY THAT WITH 25?! ALL IN YOUR HEAD?!?

Alex: (Laughs) I know, I know... I'm just good at math!

(Vector Bee flies up to Alex's head and happily rubs against his cheek, then spins around him)

Alex: (Giggling) S-Stop! You're tickling me!

Bee Bear: It seems like Vector Bee likes you. It's probably because of your math skills!

Katy: Ohh, so that explains why my vector bees are always sad! (Alex laughs)

Alex: If you want, I can teach you some math!

Katy: (Scared, but still laughing) Oh, no thank you! School is torturing me enough already with math!

Alex: (Laughing) I'm the best at math in my class!

Straight 20s!

(Bee Bear's eyes open widely and he's left speechless)

Katy: Where did you say you're from, Alex?

Alex: Oh, I'm from France! Please don't joke about the fact that I'm french! (Points towards Bee Bear, still speechless) This menace made countless jokes about me being french!

Katy: (Laughs) Don't worry, I'm not racist!

Bee Bear: (Finally snaps out of his speechlesses)
STRAIGHT 20s IN FRANCE?!? THAT'S ALMOST IMPOSSIBLE!

Alex: (Proud) See? I'm just **THAT** good!

Katy: Alex, let's go finish the quest!

Bee Bear: Great idea, Katy! Get this genius out of here. He makes me feel stupid!

(Alex laughs at Bee Bear's comment, then he and Katy use the red cannon once again, this time stopping in the spider field)

Alex: Oh God, here comes the spider again...

(The Spider gets out of the cave, and all of Katy's bees look at it. The spider's eyes grow bigger and it turns around and runs inside the cave. The bees go after it and pull it out, defeating it after bringing it out)

Katy: Haha, the spider didn't stand a chance!

Alex: Yeah... Anyway why are we here?

Katy: Well, you need to defeat a vicious bee. Normally that bee spawns during night time

Alex: I've been here for quite a while and I've never seen night time!

Katy: Exactly! Bee Bear told us about a little mistake he made during one of his experiments. Night time doesn't happen anymore, and he doesn't know how to fix it. So until he finds a solution, he gave us a few items to simulate it, one of them being a vicious bell!

Alex: What does it do?

Katy: Just watch (She gets on her knees and starts to ring the vicious bell. A stinger starts

rising out of the field, next to Alex's foot)

Alex: (Scared, backs up) Whoah! It almost hit me!

Katy: (Gets back up) Be cautious, Alex! (Katy kicks the stinger, making it rise. However, Katy backed out too late and the stinger pushed her out of the field)

Alex: KATY! ARE YOU ALRIGHT?!

Katy: (Slowly rises her head) Uhh... ALEX WATCH OUT!

Alex: WHA- (Bee Cub teleports and pushes Alex to the side. Immediately after a stinger rises from the ground)

Bee Cub: Never stay in one place for too long!
Vicious Bee will try to impale you with stingers!
(Teleports away when Alex gets back up)

(Katy was still laying on the ground, not being able to get up. Alex rushes towards her)

Katy: Alex, don't! I'm alright! You need to defeat the Vicious Bee! It can impale both of us!

(Alex turns around to face the bee. It was staring

back at him. Then the bee looked at Alex's feet)

Katy: MOVE! When it looks down it means it's about to try and impale you!

(Alex, however, moves slightly and, when the stinger rises, he grabs onto it. Vicious Bee rises another stinger, and Alex uses both stingers to stand up)

Alex: (In a deep, serious voice) Show me what you got!

(Vicious bee, annoyed, starts spinning, creating higher and higher stingers. Alex jumps from stinger to stinger. Then he holds onto a taller stinger, jumps and spins around it, kicking the vicious bee. The bee becomes even angrier, rising multiple stingers near Alex, trying to kill him.

However, Alex dodges the stingers and gets on top of them, using them as a platform to stand on. He then jumps towards the bee. Vicious bee moves out of the way, but Alex predicts her movement and grabs onto one of her wings.

Vicious bee, scared, tries to loose Alex and escape, but Alex punches it a few times before they both crash into the ground, throwing pollen all over the place, creating a white cloud)

Katy: ALEX!!

(The cloud of pollen cleans out, and Katy sees Alex standing up, looking in the opposite direction. He then turns around and helps Katy get back up)

Katy: Oh my God, I thought you got hurt! (Hugs Alex) I'm glad you're okay!

Alex: (Hugs Katy back) I'm alright, don't worry about me (With a mischievous voice) Hey, look what I got! (Pulls out a stinger and, with a swift move, reveals he was holding around 7 stingers) Let's say I "borrowed" them from Vicious Bee!

Katy: (Laughs) Well, that's one new way of defeating a Vicious bee!

Alex: (Proud) Thanks! What's next?

Katy: Well, why don't you check?

Alex: (Scratching his head) Oh, yeah! I forgot I have to check!

(Alex and Katy check the quest requirements)

Katy: Defeat 1 snowbear... Yup we can do that!

Panda Bear: (Overhears Katy talking) Heh, did I hear someone wants to defeat a Snowbear for training?

Katy: Oh, hi Panda Bear! Alex, this is Panda Bear, this mountain's warrior.

Panda Bear: That's right! Thanks for the introduction, Katy! (Looks at Alex) I suppose you're the human Bee Bear told us about. It's impressive how far you got in such a little time. BUT! Are you as good at battling as you are at making honey?

Alex: (Unequips his honeydipper and punches his hands together) Oh, you bet I am!

Katy: (Comes next to Panda Bear and whispers in his ear) Alex took down a Vicious bee with his bare hands

Panda Bear: (His eyes widen, as he hears about Alex's accomplishment) Very well, then! But you still need to prove to me that you deserve to fight my snowbear!

Alex: (Confused) I killed a spiky bee with my bare hands, isn't that harder than killing a buch of snow?

Panda Bear: (Looking to the side) It isss, but I need an excuse to make you collect the things I need to rebuild the snowbear. It melted

Alex: Ohh, well you could've just said that! Tell me what you need me to do.

Panda Bear: Let's see... I need some stingers-

Alex: (Pulls out the 7 stingers he got from killing the Vicious bee) Are these enough?

Panda Bear: Wha- The point was for you to kill Vicious bees... But I guess you already killed one. (Takes the stingers from Alex) Alright, now go and kill a couple Rihno Beetles and Ladybugs while I set this up. Training is always great!

(Alex nods and proceeds to go and let his bees kill Rihno Beetles and Ladybugs)

Panda Bear: So, Katy. How've you been? Haven't seen you since last Beesmas! Do you know anything about the others?

Katy: No, sir! Bee Cub told me he sent a message to them but they're yet to come!

Panda Bear: Such a pity. They're missing out on the festivities! I'm glad that at least you showed up! I've noticed you're farming more than usual. You're getting close, right?

Katy: Oh, not at all! I've still got so many to complete until I can craft it, but at least I can gather the honey and resources while I complete them!

Panda Bear: I know you'll do it! Maybe not this year, but next year for sure!

Katy: Thanks, sir!

(Alex comes back)

Alex: I'm done!

Panda Bear: Just in time! (Points towards a pressure plate next to the giant snowbear) See this? Stand on it and a snowball will be thrown into the field

Alex: I don't get it. I want to fight a snowbear, not a snowball!

Panda Bear: (Slight laugh) Just press it, believe me. You'll be AMAZED!

Alex: Alright (Presses the pressure plate, then dashes inside the spider field. The giant snowbear shoots a snowball into the field, and shortly after, a snowbear breaks out of it.

However, since the snowbear was level one, it was tiny) Really? So tiny? (Alex steps on the snowbear, instantly turning it into snowflakes)

That's all?

Panda Bear: You... were not supposed to smash it... But I guess that's another way of killing a tiny snowbear. It'll grow with level, don't worry!

Alex: (Sigh) Katy, let's go to Bee Bear. I suppose

that's where we can find his catalog right?

Katy: Yep, let's go!

Alex & Katy: Bye Panda Bear!

Panda Bear: (Laughing) See ya, kids! Oh, and don't forget to come defeat my snowbear when you run low on snowflakes!

(Alex and Katy return to Bee Bear)

Katy: Show us your catalog, Bee Bear!

Bee Bear: Heh, so looks like you got to that part of the quest. Very well, then! (He pulls out a giant tablet) Have a look!

(Alex buys 1 royal jelly for a couple of snowflakes, then realizes he can't buy anything else)

Alex: Dammit, and I need to buy 2 more things!

Katy: We can go get more gingerbread bears and snowflakes!

Alex: How can we get gingerbread bears?! I only got them from Bee Bear so far!

Katy: I think I know a place! Follow me!

(Katy and Alex go to Mother Bear)

Katy: Hi, Mother Bear!

Mother Bear: OHH, KATY!! (Hugs her tightly) I MISSED YOU SO MUCH GIRL! How are you? Also, who's your friend?

Katy: I'm good. This is Alex, he's new here!

Mother Bear: Well, I'm glad to meet you, Alex! What brings you here? I'm guessing Bee Bear bought you here. He was rumbling something about another human coming, but I'm not gonna lie, you can barely understand what that guy says! He speaks so fast and is sooo secretive!

Alex: Yeah, he brought me here and told me to complete his quests. Katy's helping me with them now.

(Mother Bear looks back and forth from Alex to Katy, smiling. Katy didn't understand what she meant, but Alex did)

Katy: Anyway, we might need the help of your gingerbread house. Alex needs to buy items from Bee Bear's catalog but he's out of gingerbread

bears.

Mother Bear: Oh, with pleasure! But I didn't quite finish the house. I need a few fruits and treats and it'll be done!

Katy: We can get them for you!

Mother Bear: Oh, thank you soso much! Here is a list of what I need (Hands them a paper with the list)

(Alex and Katy go to the red cannon and check the list)

Katy: Hmm... Some strawberries, blueberries, and pineapple slices... Oh, and a few gumdrops! (Looks at Alex) You surely got those things already!

Alex: Yeah, they're on my card though.

Katy: Well, fuck. Guess we have to gather them.

You know the drill (Alex hugs Katy's waist and she gets into the red cannon and shoots herself out of it)

Katy: Ah, strawberry field! Let's just steal some

strawberries from these ladybugs!

Alex: On it! (Alex defeats the ladybugs, getting 2 strawberries) 3 more!

Katy: Start collecting leaves! They have a chance to reveal a strawberry!

Alex: I don't see any!

Katy: (Points toward a leaf being blown by the breeze) Look for leaves that move around like that! Collect the pollen underneath them and pray you get a strawberry!

(Alex started collecting leaves, getting more treats than he expected. In the meantime, Katy was preparing her haste)

Alex: I got the-

Katy: (Grabs Alex again and rushes to the bamboo field) Great! (Stops and lets go of Alex) Now let's get those blueberries- Alex?

(Alex killed the Rhino Beetles, and went into the blue flower and clover fields to kill more Rhino Beetles. He then launched himself with the

slingshot and ended up next to Katy)

Alex: Blueberries done!

Katy: That was smart! But now you won't be so lucky with the pineapples... Oh, and while we're here, buy 3 gumdrops from the dispenser! They only cost 1 ticket

(Alex inserts his card and pays for the gumdrops, then the dispenser gives him 3 gumdrops)

Katy: Now we just need the pineapple slices!

Alex: (Walking up to the 10 bee zone) Already a step ahead of you!

Katy: Oh yeah? (Runs past Alex and arrives in the pineapple patch) Haha, I won!

Alex: (Laughing) Not fair! You're faster than sound!

Katy: (Notices the Festive Planter) Is this yours?

Alex: Oh, yeah! Bee Bear gave it to me!

Katy: (A little frustrated) Why didn't you tell me you had one! It gives you a lot of snowflakes and gingerbread! It doesn't matter, we're almost done

with the gingerbread house. We'll finish it and then you can harvest the planter.

Alex: Oh... Oops! My bad!

Katy: Alex, come here (Goes behind a big pineapple) Look! 5 pineapple slices! Exactly the amount we need!

(Alex picks up the 5 slices and, together with Katy, fires himself out of the yellow cannon, then uses his parachute to arrive at Mother Bear)

Mother Bear: Oh, thank you so much guys!

(Mother Bear finishes up the gingerbread house)

Now, Alex. You can come and check the gingerbread house every once in a while. It stores one gingerbread bear every 2 hours, but time does fly, so you won't feel those 2 hours at all!

Also, since you helped me, I have to give you something (Takes out 3 gingerbread bears) Here, it's not much but I hope this can help you!

Alex: Thank you, Mother Bear!

(Mother Bear hugs Alex)

(Alex and Katy return to Pineapple patch to collect the Festive Planter)

Katy: Go on, punch it! It'll give you honey and a ton of rewards!

(Alex nods, punches the planter and it showers a bunch of tokens on top of Alex, covering him up completely)

Katy: OH MY GOD, ALEX! I SWEAR THERE WEREN'T SUPPOSED TO BE THIS MANY!

Bee Bear: (Teleports, alongside Bee Cub, next to Katy) Oh, I forgot to say. I may or may not have boosted the rewards by... around 10 thousand %! Have fun, Alex!

Alex: (From inside the token pile) FUCK YOU BEE BEAR!

(Bee Bear laughs before walking back through the portal)

Bee Cub: Katy, should we help him?

Katy: IS THAT EVEN A QUESTION?! HE'S SUFFOCATING IN THERE!

Alex: (From inside the token pile) Actually, I'm alright. But I'm stuck

Katy: Come on, Bee Cub! Let's free Alex!

(Katy and Bee Cub dig Alex out. Then Bee Cub teleports the pile of tokens back to Bee Bear's gift box, and they stuff all of them into the box, then Alex adds all the resources to his card)

Alex: Uff, that was hard! Thanks for the help, guys!

Katy: No problem, Alex! I'll get back to farming!

Alex: Wait! Why are you always farming?

Katy: (Sigh) Come with me

(Katy and Alex go to the red HQ together)

Katy: I've been trying to craft this (Points towards the Dark Scythe) It's taking me AGES! Luckily, I'm almost done with the resources!

Alex: That's great! That means you'll get it soon, right?

Katy: Not really. See I need to complete 250 quests from Riley Bee before I can craft it. And

I'm at 150. It'll take forever to finish another 100 quests!

Alex: Don't worry, Katy! I know you'll finish them! You're just soo good!

Katy: Thanks Alex!

Alex: I'll go complete my quest, alright?

Katy: Okay!

(Alex runs to Bee Bear)

Alex: Give me the 2 cheapest things you have in your catalog!

Bee Bear: Very well then, how would you like to pay?

Alex: I got the gingerbread bears and snowflakes on my card.

(Bee Bear takes the card and completes the transaction) Great! You've completed 8 quests! 2 more and I'll give you something special!

Alex: (Excited) Alright! So, what's the next quest?

Bee Bear: You can check it in the quests tab!

Alex: Alright, I'll go find Katy!

(Alex starts looking around for Katy. She's not in the 5 bee zone, she's not in the 10 bee zone, neither in the 15 bee zone. Alex is worried. Then he spots her sitting on an edge of the map. He looks around and notices the path to the top of the mountain. He starts walking only to realize the gate was blocked again, this time needing 25 bees. He couldn't wait so long, so he climbed on the rocks on the side of the gate and started carefully walking on the edge of the 25 bee zone, until he got to the 30 bee gate. He then climbed on the right wing of the gate, and then jumped from it and grabbed the border of the map. He couldn't lift himself up. Then, his Vector bee pushed one of his legs higher, until he could climb up the edge. Vector bee helped Alex keep his balance on the edge of the map, as he walked towards Katy)

Alex: KATY! KATY!

(Katy turns around, with tears in her eyes)

Alex: (Gets closer and sits next to her) Katy, what happened?

Katy: (Sniff) Alex... I'm sorry I didn't tell you sooner. I have to leave. (Sniff) I feel so bad leaving you here, alone... (Starts crying again)

Alex: (Hugs Katy) It's okay, Katy. You don't have to feel bad. You've helped me so much! I'll manage. Don't worry about me!

Katy: (Sniff) Oh, Alex (Hugs him even tighter, then gets up and jumps into a portal)

Alex: Goodbye Katy... (After she's gone) I love you... (Sheds a tear, then sniffs)

(Vector bee tries to comfort Alex, then he jumps back in the map and uses his parachute)

Bee Bear: (Notices Alex) Hey, what's with the long face?

Alex: (Not even looking at Bee Bear) Katy left...

Bee Bear: Ouch... I can tell you're sad. You two grew so close to each other...

(Alex sits down in front of his hive and covers his

face. Vector bee still tries to comfort him, then it looks at Bee Bear with a desperate face)

Bee Bear: (Looks down) I know, buddy. I know...

(All 3 sit in silence for a few seconds, then Bee Bear jumps)

Bee Bear: I GOT IT! Alex, your quest has a lot of hunting requirements, right?

Alex: Yeah...

Bee Bear: Well, why don't we go hunting?

(Vector bee seems excited and pushes Alex)

Alex: I guess that can make me a little more happy.

Bee Bear: (Loads his shotgun) LET'S GO!

(Alex and Bee Bear jump from field to field, killing every mob in their way (Epic cool montage required))

Bee Bear: (Stretches) Ah, what a hunt!

Alex: And look at all the things we need to carry back to the giftbox!

Bee Bear: Who says we carry it? BEE CUB! CALL

IN THE OTHER CUBS!

(Bee Cub opens up a giant portal, and 3 other cubs walk out of it: Gingerbread Cub, Snow Cub and Peppermint Robo Cub. All 4 cubs start to carry piles of tokens to the giftbox)

Alex: Whoah! You got your own little army of slaves!

Bee Bear: Wouldn't call them "slaves". More like unpaid workers! They are, after all, my creations. So they work for me.

Alex: Makes sense. Anyway, what's next?

Bee Bear: Hmm, let me th-

(After the cubs finished collecting the tokens and teleported away, a green and pink explosion happened, and Gummy Bear came out of a portal. Bee Bear pushed Alex in a bush so Gummy Bear wouldn't see him)

Gummy Bear: Ahh, it's so good to be back (Spots Bee Bear, with a thunderous voice) BEE BEAR! YOUR TIME HAS COME! A NEW YEAR, A GOO

YEAR HAS BEGUN! BEESMAS ENDS NOW (With a strong and loud “now”)

Bee Bear: Beesmas doesn't end unless I say so! I've defeated you multiple times before, Gummy Bear! What makes you think you'll win now?

Gummy Bear: Oh, you'll see! (Gummy Bear summons in 3 gummy stars and creates portals for his soldiers) GUMMY ARMY, ATTACK!

(Gummy Soldiers start coming out of the portals.

Bee Bear takes out his shotgun and starts shooting down soldier by soldier)

Gummy Bear: You think you can defeat the GLORIOUS Gummy Army with such firepower? PATHETIC!

Bee Bear: Maybe I can't defeat them, but I can use them to my advantage!

(Bee Bear backs down, grabs onto the 5 bee gate and jumps on top of a soldier, then uses the rest as a platform to walk towards Gummy Bear)

Gummy Bear: IDIOTS! GET HIM!

(Gummy Soldiers start climbing on top of each other, trying to reach Bee Bear. However, he uses this to his advantage to gain highground. Once close enough he uses his shotgun to shoot himself in the air and grabs onto Gummy Bear, engaging in a fist fight)

Bee Bear: Heh, your army isn't as smart as I thought it was!

Gummy Bear: JUST YOU WAIT

(Bee Bear punches Gummy Bear right in the nose, and uses the short time he has to shoot down a star. The explosion temporarily blinds him and Gummy Bear manages to kick Bee Bear off with his legs. Bee Bear crashes back to the ground)

Bee Bear: Ouch, motherfucker! That wasn't necessary (Notices the Gummy Soldiers, tries to pull out his shotgun but realises it's not there)

Gummy Bear: Looking for this? (Shows Bee Bear the shotgun)

Bee Bear: GIVE IT BACK!

Gummy Bear: (Laughing) Let's see how strong Bee Bear really is without his shenanigans!

(Holds the shotgun with both hands, then hits it hard against his knee, breaking it in half)

Bee Bear: NOOOO!

Gummy Bear: (Extremely loud laughter) WHAT'LL YOU DO NOW, BEE BEAR?! BEG FOR MERCY!?

(Bee Bear's eyes shrunk. He was terrified. In the meantime, Alex saw an opportunity to make a run for it and get to the 15 bee zone. As he got there he ripped a ball out of one of the cactuses and got on the path to the mountain top field. He then tried to throw the cactus ball into one of the stars to pop it but missed by a lot. Bee Bear saw the ball and looked at Alex, now even more terrified. The ball was about to fall, but Bee Cub teleported right in front of it, caught it and shot it directly in the center of a Gummy Star, blowing it up, before teleporting away. Gummy Bear, angrily, looked

around and spotted Alex, the one that threw the ball)

Gummy Bear: Would you look at that! Bee Bear brought another human in this world! That's why you were weaker than usual, huh? Took a liking for a punk? GUMMY SOLDIERS, GET HIM!

(When the Gummy Soldiers started approaching Bee Bear, he fled. Bee Cub teleported next to Alex and pushed him in a hiding place, behind a giant pumpking)

Bee Cub: Stay here and don't make a sound! I'll try to hold them back!

(Bee Cub teleports away and starts fighting the Gummy Soldiers, meanwhile Bee Bear was hiding behind the gate, terrified)

Bee Bear: (terrified, having a panic attack) He broke my shotgun... I'M NOTHING WITHOUT MY SHOTGUN! WHAT DO I DO, WHAT DO I DO?!

(Spots Bee Cub trying to hold back the soldiers, but failing) Come on, Bee Bear! GET YOURSELF

BACK TOGETHER! (Slaps himself twice) I can't do this... (Sees Bee Cub being held up by a Gummy Soldier and being made fun of. This makes something snap inside of Bee Bear. Suddenly he jumps the Gummy Soldiers, and fist fights them, pushing them back. 5 of them already got to the 15 bee zone, but the rest were stopped by Bee Bear)

Bee Bear: (Desperate) Bee Cub, are you ok?!

Bee Cub: (Cough, gets back up) I'm fine, boss!
But we're outnumbered, we can't stop them!

Bee Bear: Then we'll slow them!

(Someone starts walking towards the Gummy Army. They were holding a Dark Scythe. Then, with a swing of the scythe, they decapitate a big row of soldiers)

Bee Cub: REMCO!! YOU'RE HERE!!

Remco: You're right! With a little drawback, but better late than never, am I right mate'? Seems like I came at the perfect moment too!

Gummy Bear: (VERY mad) UGH, HOW MANY OF YOUR FRIENDS ARE GONNA COME AND SAVE YOUR LIFE?!

Remco: Oh, hi Gummy Bear! If I were you I'd watch out!

Gummy Bear: (Laughs) And why's that?

Remco: (Giggling) Look at your left, mate'!

(Gummy Bear turns around and sees a giant gummyball coming towards him. Remco shoots a beam of dark flames in it's path, setting it on fire. It was aiming for Gummy Bear)

Gummy Bear: OH SHIT! (Pulls the last Gummy Star and uses it as protection. Once it explodes, a white light is emmited, blinding everyone) FUCK! THIS ISN'T THE END, BEE BEAR! MARK MY WORDS! AND YOU, ALEX! YOU'LL PAY FOR THIS! YOU'LL NEVER SEE HER ALIVE AGAIN! (One last maniac laughter before the blinding light disappears. When the light is completely gone, both the gummy soldiers and Gummy Bear are

nowhere to be seen)

Yannis: (Comes down from his hiding place) Ah, just in the nick of time! (Gives Bee Bear a hand) (Bee Bear rushes to pick up his shotgun, broken in half by Gummy Bear)

Yannis: I'm sorry for your shotgun! Gummy Bear is... a little insane, you know?

Bee Bear: (Sigh) It's okay, it's my fault for not defending it better. I gave him a chance to get it and he didn't hesitate (Opens a portal in the ground and drops the broken shotgun in) Welp, down in the workshop you go! Maybe I can fix it before he returns!

Remco: Ugh, where in B.B.M.'s name is Mathew? That rubbish of a man never shows up on time! (Looks at Pro, that shrugs) Typical American, innit?

Pro: You two won't ever get along, will you?

Remco: (Annoyed) WELL, HOW COULD I GET ALONG WITH SOMEONE THAT SAYS "PANTS"

INSTEAD OF “THROUSERS”?!

Pro: (Tired) Every time... I need some vodka...

(Vector bee wakes Alex up by hitting him repeatedly. Then they walk down together to meet the others)

Remco: Hello, mate’! You’re Alex, right? Bee Cub told us about you!

Alex: Uhh... Yeah! And you are?

Remco: (Dashes forward and shakes Alex’s hand forcefully) Remco, glad to meet you, bloke!

Pro: (With a vodka bottle in his hand) Don’t mind him. He’s british. You’ll get used to his style of talking.

Remco: (Looks at Pro) How in hell’s name you got a bottle of vodka?! (Looks at Bee Bear) Bee Bear?

Bee Bear: Don’t look at me! I didn’t give him nothing!

Pro: (Takes another shot of vodka straight from the bottle) It’s none of your business how I get my vodka!

(Alex looks confused at Pro)

Remco: He's Russian. He says he can smell a bottle of vodka a kilometer away!

Alex: How does that... make sense...?

Pro: Russian magic, comrade!

Alex: (Looks at Bee Bear) Uhh, are these the guys Katy was talking about?

Bee Bear: (Proud) Yup! Well, one of them's missing-

Remco: (Annoyed) That lazy ass American!

Bee Bear: Remco hates Americans. Really much.

Alex: I can tell... Does he hate French too?

(In the background, Remco's voice could be heard screaming "WHO SAID FRENCH?")

Bee Bear: (Silent) Try to act Spanish or something

Alex: But I can't-

(Bee Bear grabs Alex by his shoulders)

Bee Bear: DO IT IF YOU WANT TO LIVE!!

(Remco started walking towards Alex and Bee Bear)

Remco: Anyway, ma'te, where you said you're from, eh?

Alex: (Gulp) S-Spain

Remco: Aah, Despacito por favor!

Alex: (Giggling) That's French

Remco: FUCK!

(Bee Bear bursted in laughter)

Remco: Ay, what's your deal, ma'te?

Bee Bear: (Taking a breath) I can't with your accent! It's even funnier when you're mad!

Remco: AY WHAT THE FUCK?!

Pro: He's got a point tho. You're funnier than those russian memes! (Takes a sip of vodka)

(Pro friendly punches Alex in his shoulder)

Alex: (Looks at him suspiciously) Are you drunk?

Pro: Calm down, man! I'm from mother russia!

I'm always drunk! (With a serious face) And I can always act normal!

(Alex looks at the camera)

Alex: You saw that, right?

(The camera nods)

Pro: Anyway, you need help with any quests?

Seems like Bee Bear can't be any useful now can he?

(Bee Bear shouts "HEY!" from the background)

Alex: I guess I need some help, but so much happened I forgot what the quest even required

Pro: Happens to the best of us. Let's check it!

(Alex and Pro walk towards spider field)

Remco: Sooo... Shall I go help too?

Bee Bear: Nah, Pro's already more than enough help for Alex.

Remco: Soo, what shall I do?

Bee Cub: (Teleports behind Remco) Let's go train, Remco!

Remco: AH, IN THE NAME OF THE QUEEN WHY'D YOU DO THAT MA'TE?!

Bee Cub: Isn't the queen like, long gone? I mean her ashes probably had ashes

Remco: HOW DARE YOU TA-

Bee Cub: Yeah, she's dead. Anyway come train with me. We need to be ready for when the Gummy Army strikes again!

Remco: (Sigh) I guess I shall come with you then. It's such a pity you don't have more things to do here. (Looks at Bee Bear) Hey Bee Bear, consider mixing things up around here and give us something new for once!

Bee Bear: (Shrugs) I'm just following the script, and you know what's next to come!

(Remco's face goes blank)

Remco: Actually there's plenty of fun things to do around here (forced laughter)

(Remco and Bee Cub walk together through the portal)

Bee Bear: Well fuck. What am I supposed to do without my shotgun?

(Alex and Pro are farming in pumpkin patch)

Alex: Hey, Pro. How'd you get that giant gummy thing? I've only seen gummy soldiers use them...

Did you kill one of them?

Pro: (Laughs) Oh, no! I'm a Gummy Soldier myself! (Alex backs out slightly) Oh don't worry, I won't hurt you. I'm on Bee Bear's side!

Alex: How... how does that work? You're both the enemy and the friend...

Pro: It's complicated, but Bee Bear and Gummy Bear have a deal. I'm the deputy of the Army, basically when Gummy Bear retires I'm going to be the leader. But the deal is if Bee Bear needs my service, I join him and leave the army.

Alex: Wait, Gummy Bear and Bee Bear have a deal?!

Pro: I know, hard to believe. But since only Bee Bear knows how to connect our universe with this one, and since Gummy Bear sees me as his greatest soldier, he had to accept the deal.

Alex: Wait... Were you the one that blew up the last star?

(Pro laughs)

Pro: Yep! I was hiding in rose field when I launched the gummyball. Remco burnt it mid flight so Gummy Bear won't notice it's a gummyball.

Alex: Ah, smart move!

Pro: Thanks! But let's get back to doing quests, shall we?

(Pro and Alex continue farming. In the meantime, Science Bear was working on some experiment when he noticed a gummy soldier running towards Dapper Bear's shop. Shortly after, Panda Bear appears, breathing heavily)

Science Bear: Hi there, Panda Bear!

Panda Bear: (annoyed) Is there a chance you saw a gummy soldier walking around here?

Science Bear: Yeah, I saw one running towards Dapper's shop. Why? What happened?

Panda Bear: That little shit stole my red drive!

Science Bear: Wait... you mean the one from Robo Bear?

Panda Bear: Duh, what other drive I would talk about?

(Panda Bear is interrupted by the soldier running out of Dapper Bear's shop with the red and blue drives. Dapper Bear follows, angrily)

Dapper Bear: OH COME BACK HERE LITTLE SH-
(Trips and falls) DANG IT I'M TOO SHORT FOR
THESE STAIRS!

(The soldier runs towards Science Bear, and with a magnet pulls out the white drive from his pocket)

Panda Bear: FUCK! HE HAS ALL OF THEM NOW!

Science Bear: Hah, that's what you think! (Pulls out the glitched drive) This one isn't magnetic, so his little trick didn't work. If Gummy Bear wants to trigger Robo Bear, he'll need it!

Dapper Bear: (Catches up) What'll we do now? We can't let that sticky bear power up Robo Bear. He'll bring havoc to the mountain for the second time!

Panda Bear: Maybe we should tell Bee Bear about it. He's got that shotgun after all...

Science Bear: Not anymore. Gummy Bear broke it last time they fought

Panda Bear: WHAT?! WHEN?!

Science Bear: You were on your little "And annihilation" journey. By the way, how'd it go?

Panda Bear: (Proud) Heh, I think I got them off this mountain for a few seasons! We won't deal with ants anymore!

Dapper Bear: That's good to hear and all but we need to get those drives back!

Science Bear: Dapper's right. Robo Bear will bring destruction upon the mountain again if he's activated!

Panda Bear: Didn't you say you were working on a new software for Robo Bear that wouldn't be malicious?

Science Bear: I am. The robo cub I tested the new software on works more or less. But there's still

malicious reasons behind his actions. I figured out I can't completely get rid of them, so might as well try to reduce them as much as I can

Panda Bear: Too much scientific stuff for my brain! You could've said you failed so far!

Science Bear: OBJECTION! I haven't failed! I made significant progre-

Dapper Bear: Would you guys stop arguing? The mountain's safety depends on us. We need to protect this glitched drive with our lives!

Science Bear: Maybe it's better if we hand it to Bee Bear...

Dapper Bear: He SPECIFICALLY told us to never let the drives fall in the wrong hands. And the hands of Gummy Bear are the worst possible hands they could be in. He'll kill us if he finds out.

Science Bear: Talk for yourselves, I still got the glitch drive!

Panda Bear: You did loose the white drive.

Science Bear: Aw crap. So we'll all get sent to

heaven if we tell him.

Panda Bear: I agree with Dapper Bear. We should try to get them back.

Science Bear: But how?

Dapper Bear: You said you got a robo cub you test software on right? Make it controllable like a little car toy. We can infiltrate the Gummy Army and try to recover the drives with it.

Panda Bear: As long as I get to see gummy soldiers die it's fine with me.

Dapper Bear: We need to be UNSEEN. No killing this time.

Panda Bear: Dammit.

Science Bear: I'll get to work on the software. You guys should come up with a plan while I take care of this.

Dapper Bear: On it! Panda, follow me!

(In the meantime, Alex and Pro have finished another quest from Bee Bear)

Alex: Phew, that was tough!

Pro: Heh, you should've seen your face when you saw you need to collect a thousand blueberries!

Bee Bear: I see you're having fun, Alex!

Alex: Yeah, I'm starting to enjoy grinding with Pro!

Pro: Oh, this is nothing compared to REAL PAINFUL GRIND! Luckily you won't experience that yet.

Alex: (Hands in the quest to Bee Bear) Give me the next one!

Bee Bear: Impressive! Now you won't get over this one quick, that's for sure!

(Alex excitedly checks the quest requirements and his mouth fall wide open)

Pro: Ouchh... That's gonna hurt! Maybe you need a couple more bees, Alex.

Alex: Yeahh, but most of them end up being honey bees.

Pro: You can change them with royal jelly.

Alex: Really?! Oh, I got like a hunder of those!

(Pro tries to hold his laughter but bursts sligthly)

Alex: What's so funny?

Pro: Oh, nothing nothing. Go on, use the jellies.

(Alex changes his bees, resulting in a much more diverse hive, with more rare and legendary bees.

He still has the vector bee)

Pro: Would you look at that! Now you can fire yourself out of the red cannon and get to the mountain top!

Alex: And what's so special about the top?

Pro: Oh, you'll see!

(Before going, Bee Bear calls Alex)

Bee Bear: Take this. Get some better gear for yourself. Don't buy too much expensive things!

That's my credit card.

Alex: Alright!

(Alex and Pro end up on the mountain, where the Mondo Chick was roaming)

Alex: Oh, so this is the motherfucker that kept making those sounds! I would punch him if he wasn't 20 times my size!

(Pro laughs)

Pro: Haven't heard that one before! Let's check the shop first, then we can confront the chick

Alex: THAT'S A CHICK?! AND IT'S THAT BIG?! THEN HOW BIG IS A FULL GROWN HEN?! THE SIZE OF SATURN?!

Pro: I dunno. This is a game after all.

(Alex and Pro enter the shop. Alex immediately spots the porcelain dipper and stares at it for a few seconds, even drooling at it)

Pro: Alex... Uhh, are you alright?

Alex: I NEEEEEEEEEEED THIS. HOW MUCH IS IT!??!

Pro: 150 million, but you sho-

(Alex instantly buys it, then proceeds to buy the glider, beekeeper shoes, belt and backpack)

Alex: (Notices the hive slots) Ooo! I want that!

Pro: A-Alex, you should stop buy-... That's bee Bear's ca- FUCK!

(Bee Bear was whistling as he notices Alex's hive started gaining more hive slots)

Bee Bear: Ah, he's getting his first hive slot! I'm proud!

(More hive slots start appearing)

Bee Bear: Hmm... Maybe he had a lot of honey to spar- WAIT A MINUTE HE HAS MY CR-

FUUUUUUUCKKKKKK! ALEX I'LL KILL YOU!!

(Pro pulls Alex out of the shop)

Pro: You've bought more hiveslots that I could count! Bee Bear's gonna have to sell his left kidney to pay all that! If he even has kidneys...

Alex: (Realizes) OH SHIT THAT WAS BEE BEAR'S CARD! HE'LL EAT ME ALIVE!

(Pro and Alex come down gliding from the mountain)

Bee Bear: Well well well, look who's back! The little spender returned! You're one hell of a lucky man Gummy Bear broke my shotgun, otherwise you would be ashes now!

Alex: I'm sorry, Bee Bear! I got a little carried by the wave of buying things.

Bee Bear: It's alright. After all I have infinite amounts of honey!

Alex: (Confused) Then why can't you just buy me the best gear?

Bee Bear: Because that's cheating! You see, the others worked hard for their gear! It wouldn't be fair to help you out if I didn't help them.

Alex: I guess that's one good reason. Also the quest you gave me is just absurd! I can't make any progress on it!

Bee Bear: Pro, maybe get some more help (winks)

Pro: On it!

(Pro leaves and returns with another person, half asleep)

Pro: Mathew, wake up lazy shit!

Remco: Oh, look who finally decided to show up!

Pro: Actually I brought him here.

Remco: Lazy American! He needs a babysitter to wake him up. Disgusting!

(Mathew wakes up slightly)

Mathew: Oh, hi there, Teaspoon!

Remco: Oh, be serious for once!

Mathew: What? Wheater's too rainy in London?

Poor tea baby!

Remco: (Annoyed) Want me to call the ambulance?

Mathew: (Scared) You wouldn't.

Remco: (Starts dialing on a phone) 9...1...1-

Mathew: Alright, alright! I was joking!

Remco: "Roses are red. Your blood is too. You look like a monkey And belong in a zoo. Do not worry, I'll be there too. Not in the cage, But laughing at you" (quoted from an insult website)

Mathew: Oh wow, you looked it up or memorized it?

Remco: Neither! I did something your kind isn't capable of: making an insult!

Mathew: That wasn't original at all!

Remco: Neither stuffing yourself with nuggets from MCDonalds is original...

Mathew: Oh shut up! You eat beans on toast!

Remco: At least I'm not as wide as I am tall!

Mathew: I'm an American and I'm not fat!

Remco: You're too poor to afford enough food to become fat, dumbass! You starve out before you get a chance to gain fat!

Pro: He's got a point there! Out of all 3 you're the only unemployed one!

Mathew: Ey, you're taking his side?!

Pro: (Shrugs) I'm just realist!

Mathew: Anyway, care to explain why you woke me up to come here?

Pro: Firstly, Bee Cub sent you a message and you just left it in delivered. Secondly, I need you to help Alex with some pollen requirements.

Alex: Uhh... Hi!

Mathew: Sup. Where you said you're from?

Remco: He's from Spain.

Mathew: (Looks at Alex) He sounds french. He's clearly not spanish.

(Alex looks left and right a little stressed)

Remco: You believe Europe is a fucking country.
You don't got a saying in this ma'te!

Mathew: A-... B-Bu... Dammit. Let's get this over
with already. I want my night's rest!

(Mathew, Pro and Alex head to the pine tree
forest. Meanwhile Science Bear, Dapper Bear
and Panda Bear are commanding the robo cub
through the void)

Dapper Bear: I know It's somewhere around here.
I've seen the soldiers flee this way!

Science Bear: (Wearing a microphone to
communicate with the cub) Robby, continue
going in this direction.

Robby: Understood, sir!

(Suddenly Robby falls in a deep hole)

Panda Bear: FUCK! WHAT WAS THAT?!

Science Bear: ROBBY! ROBBY! CAN YOU HEAR
US?! ARE YOU ALRIGHT?!

Robby: Affirmative. It appears I fell in a bunch of

goo. Proceeding to dig my way out of it.

(Science Bear sighs in relief)

Dapper Bear: WE GOT THEM! GOO!

Panda Bear: We should be careful. They are near, and we can't be spotted

Science Bear: Robby, be aware of your surroundings! You cannot be spotted.

Robby: Already ahead of you sir! I've covered most of my body with goo. Although not a wonderful disguise, it'll prevent soldiers from spotting me from afar, and infiltrating large mobs of them will be much easier.

Science Bear: That's really smart of you, Robby! I'm proud of you!

Robby: Thank you, sir!

(Robby continues walking until he finds the Gummy outpost)

Robby: Gummy Army outpost has been located. Sending the coordinates to you, sir!

Science Bear: Thanks, Robby! You never know

when they'll come in handy!

(Robby infiltrates the army, currently listening to Gummy Bear's speech)

Gummy Bear: I CAN FEEL IT! THIS IS THE YEAR WE OVERTAKE BEE BEAR! THIS IS THE YEAR WE TAKE DOWN THE BEESMAS TREE! WE JUST NEED TO GATHER A FEW MORE MATERIALS THROUGH ROBO BEAR BEFORE WE CAN STRIKE! GUMMY SCIENTISTS, GET BACK AND TRY TO CREATE THAT GLITCHED DRIVE WE'RE MISSING!

Dapper Bear: They have no idea we got the drive...

Robby: S-Sir... T-Their B-Beacons... are interfering with our c-connection...

Science Bear: We'll disconnect. You're on your own, Robby. Find the drives and get out as fast as you can!

Robby: Af-firmative (ends call)

Panda Bear: We just have to pray he gets those drives before he's spotted...

Science Bear: Don't worry! Robby's very smart, and fast too! After all, he's still using part of Robo Bear's software! He should be here anyti-
(Gummy Bear teleports behind the three bears, holding Robby in a hand, and the three drives in the other)

Gummy Bear: Haha, good one Science Bear! Your tiny piece of tin really impressed me! He got his hands on 2 drives faster than I could've ever imagined! Sadly he didn't know I never sleep, so he falled in my trap!

Robby: The white drive was located in his room. I'm sorry sir, I failed you.

Gummy Bear: I know you have a glitched drive. Hand. It. To. ME!

Science Bear: NEVER! Robo Bear is too dangerous to be activated!

Gummy Bear: Do I look like I care? You get to choose: The drive or your precious robot cub! Tic Tac!

Dapper Bear: Science Bear, don't...

Robby: Sir, don't give him the drive!

Science Bear: (Hesitant)

Gummy Bear: Time's ticking, Science Bear!

Science Bear: UGH, FINE! (Pulls out the drive)

GIVE ME BACK ROBBY

Gummy Bear: (Laughs) Pleasure doing business with you! (Takes the drive and throws Robby to Science Bear before teleporting)

Panda Bear: WHY'D YOU DO THAT?! HE'S JUST A ROBOT!

Science Bear: HE'S MINE! I COULDN'T LET HIM DIE!

Robby: I don't understand sir. Why save me? The drive was more important

Science Bear: You're like my child, Robby. I can't lose you. (Hugs Robby) I love you too much to let you die for a drive.

(Robby hugs Science Bear back)

Panda Bear: (Mad) Ugh, we failed! And it's all

because Science Bear grew attached to a robot!

Dapper Bear: Hey! Robby is like Science Bear's son! Would you let your son die for a drive?

Panda Bear: In order to succeed, sacrifice is needed!

Dapper Bear: (disappointed) I forgot you're a barbarian!

(Science Bear returns with cog weapons. Panda Bear and Dapper Bear look at him, confused)

Science Bear: If we failed our mission to keep the drives safe, the least we can do is help Bee Bear defeat Robo Bear and Gummy Bear. (Proud) And I've got just the tools to make this enjoyable!

Dapper Bear: (Stutters) H-...W- WHERE DID YOU GET THOSE?!

Science Bear: Last time Robo Bear invaded the mountain, I got myself plenty of cogs to work with! Even after building Robby, I was left with giant piles of cogs. Would've been a shame to throw them away so I made weapons!

Panda Bear: WE GET TO BLOW UP GUMMY SOLDIERS **AND** ROBO BEAR'S TECH?! HECK YEAH!!

Dapper Bear: Let's go warn Bee Bear about Robo Bear. And we should hand him a weapon too!

Science Bear: Let's save the mountain once again!

(The 3 start walking down towards the hives. In the meantime, Remco and Bee Cub were having a little training session while Pro was teaching Alex how to fire a gummyball. Mathew was sleeping. Bee Bear was looking at the group, happy. Then he hears something coming from Robo Bear's place)

Bee Bear: Huh? Maybe I should check that...

(Bee Bear climbs up to rose field. Then he spots a gummy soldier reassembling Robo Bear)

Bee Bear: HEY! STEP BACK! (Tries to pull out his shotgun but realises it's not there) Fffff-

Gummy Soldier (Andrew): Heh, what's wrong,

Bee Bear? Master broke your little toy?

Bee Bear: (Mad) Andrew-...

Andrew: Missed me? (Hits Robo Bear in the head, making him start to power up) If you want your precious drives back, you have to go through me!

Bee Bear: Heh, maybe I don't have my shotgun, but I'll destroy you!

(The two dash toward each other, embracing the battle. Meanwhile the 3 bears arrive at the hives)

Science Bear: (Tired) Wh-where's... Bee Bear...

Alex: Oh, hi Science Bear! Any experiments I can help with?

Science Bear: Hi Alex! Not now. We need to talk with Bee Bear immediately!

Pro: He was around here... Wait where'd he go?

Dapper Bear: Oh no, we're late already! (Points towards Rose field)

(Bee Bear and Andrew continue fighting)

Andrew: Give up already, Bee Bear! You can't stop us now!

Bee Bear: NEVER! I've defeated you countless times, now it'll be no different!

Andrew: You have no weapon! How will you stop us?

(Andrew punches Bee Bear, pushing him behind)

Andrew: You're weak. The only reason you are above anyone else is because of your shotgun. You're nothing without it and YOU KNOW IT!

Bee Bear: Why do you need Robo Bear?!

Andrew: Our weapons are almost ready. With some of Robo Bear's cogs, we'll be ready to strike, and take down the Beemas Tree!

(Bee Bear's eyes shrunk. Something snapped inside of him)

Andrew: Oh, what happened? Are you foreshadowing the inevitable-

(Bee Bear instantly grabs Andrew by the neck, suffocating him)

Bee Bear: (Different voice, more violent)

Inevitable or not, you won't get to see that day,

will you?

(Gummy Bear teleports in the scene with his army)

Gummy Bear: AHAHAH, HELLO ROBO BE- (Spots Bee Bear and Andrew) Andrew, you disappointment, YOU HAD ONE JOB! ONE!! AND YOU STILL PROPOSE YOU SHOULD BE THE DEPUTY OF THE ARMY?! YOU CAN'T EVEN INSTALL 4 DRIVES IN A ROBOT AND DEFEND IT!

Andrew: (Suffocating sounds)

Gummy Bear: LET HIM GO, BEE BEAR! OR ELSE-

Bee Bear: (Laughs) What? You'll start to cry?

Gummy Bear: (Furious) LET. HIM. GO!

(Bee Bear drops Andrew to the ground, then kicks him in the face)

Gummy Bear: Very well, then. (Walks towards Robo Bear) Hello, Robo Bear!

Robo Bear: (powers up) WELCOME USER! I'm Robo Bear-

Gummy Bear: Yeah, yeah I know who you are!

Start the challenge already!

Robo Bear: (Head twitches) INITIATING ROBO BEAR CHALLENGE! (With a hand gesture, sends out mechsquitos and mega mechsquitos in the map)

(Gummy Bear starts laughing, and Bee Bear runs to the others)

Bee Bear: Guys we need to hurry! Robo Bear's back!

Remco: Science Bear told us. Let's get to work ma'tes!

Science Bear: We're sorry, Bee Bear. We failed you. It's our fault Gummy Bear got the drives.

Bee Bear: (Calm) It's alright, don't make a big deal out of it. We can stop him and that's the important thing.

(Science Bear nods and hands Bee Bear a mechanical cog shotgun)

Science Bear: Similar to yours, but without magic powers

(Bee Bear makes some cool tricks with the shotgun)

Bee Bear: Still gets the job done!

Science Bear: Alex, take this (Hands him a cog blaster) Slow, but sure to kill a couple soldiers with just one shot. Use it to defend yourself.

(Alex takes the blaster. Pro grabs Alex by the shoulder)

Pro: Alex, you'll stay with me. (Looks at the others) Our mission is to stop Gummy Bear from getting cogs. Try to kill the robots before the soldiers so you can steal the cogs!

Remco: Understood! Bee Cub, come with me!

(Bee Cub nods and he and Remco run off)

Science Bear: Panda, Dapper, go together. I'll go with Robby

Dapper Bear: Sure thing! Goodluck guys! (THE 2 run off)

Bee Bear: Mathew, you come with me!

Mathew: (Lazy) Do I really need to?

Bee Bear: (Annoyed) I've got a brand new shotgun, and I wouldn't mind testing it on you!

Mathew: (Still lazy) Ugh, alright fine! (Gets up and grabs a cog sniper rifle) Let's go already! (They run off too)

Science Bear: Robby, let's go!

(Robby and Science Bear head in the fields)

Pro: So, it's only us now, Alex.

Alex: Yeah... Well all of the areas are covered except for the start zone, right?

Pro: Yep, we'll take care of this. For now no soldiers, but mechsquitos are approaching...

(Alex and Pro decide to wait in clover field)

Alex: It's kinda peaceful for a "war" isn't it? I could get used to doing this!

Pro: Oh, trust me! This will escalate quickly!

(Quick change of scene and Pro and Alex are hiding behind a blue flower. In the background there are gummy ballers being killed by swarms of mega mechsquitos and mechsquitos,

cogmowers everywhere and cogturrets firing shots at anything they see)

Alex: (Heavily breathing) H-HOW DID WE GET HERE?!

Pro: I told you it escalates quickly!

Alex: (Confused and mad) IT'S BEEN 5 SECONDS!!

Pro: (Pulls out his gummyballer) Come on let's fight them!

(Alex fires his blaster at the soldiers, getting rid of all of them. Then he and Pro get out of the hiding spot. Pro starts stuffing gumdrops in his gummyball, making it bigger, while dodging mechsquito shots. Then he runs towards Alex, Alex help Pro jump high enough to fire the gummyball with full power directly into the mechsquito swarm, killing off the mega mechsquitos and making the small mechsquitos flee)

Pro: Phew, that was intense! Anyway, Alex. I got a

question.

Alex: Go on.

Pro: I know this may sound stupid but do you have anyone you're fighting for? Like anyone you love. Maybe someone from your family, maybe a friend?

Alex: I don't have any relatives, not even parents. And neither do I have friends.

Pro: Oh, I'm sorry to hear that.

Alex: (A little nervous) Anyway why'd you ask?

Pro: I can tell you're fighting for something. The way you act gives it away.

Alex: Well...

Pro: Come on tell me! I won't snitch!

Alex: promise you won't laugh either!

Pro: Pinky promise!

Alex: (Sigh) Well, I kinda like Katy.

Pro: Wait, you mean Katy, the girl that's friends with us?

Alex: Yeah, of course I'm talkign about her!

Pro: That's good. I wish you luck man!

Alex: Thanks!

Pro: More soldiers are coming. Let's prepare!

(Meanwhile, Remco and Bee Cub were demolishing gummy soldiers and robots)

Remco: Haha! I've never had such fun before, ma'te!

Bee Cub (Riding a hacked mega mechsquito)

Couldn't agree more, my friend! (Bee Cub makes minigun sounds as he shoots down gummy soldiers with the mega mechsquito he was riding)
(Dapper Bear and Panda Bear were shooting down Mega Mechsquitos one after the other and taking the cogs before any soldier had the chance to approach. Any soldier that tried to get the cogs was instantly killed by one of the two bears)

Dapper Bear: (Trips when rushing to get some cogs) DAMMIT! THE SOLDIER'S GONNA GET THEM!

(Panda Bear headshots the soldier before he

could get close to the cogs, then he gets them himself and helps Dapper Bear get up)

Panda Bear: Maybe let me get the cogs and you just shoot the soldiers.

Dapper Bear: (A little frustrated) Fine!

(Science Bear was shooting down gummy soldiers, trying to defend a big pile of cogs)

Science Bear: There's just too many of them! I can't hold them back much longer!

(Robby, on top of a pineapple, shoots a giant cog projectile that transforms into a huge cog sawmill, instantly tearing the mob of soldiers into gumdrops)

Science Bear: (Surprised and relieved) GOOD JOB, ROBBY! HOW'D YOU DO THAT?!

Robby: I took some of yours spare cogs and built a bazooka myself. Are you proud of me, sir?

Science Bear: Extremely proud, Robby! You just saved my life!

(Bee Bear and Mathew just sit on a rock while

shooting down robots, Bee Bear's cubs collecting the cogs and sending them to Bee Bear's workshop)

Bee Bear: (Yawns) This is much easier than expected!

Mathew: (Louder yawn) Talk for yourself! I'm battling my inner demons so I can keep my eyes open and not fall asleep on the spot!

Bee Bear: (Intentional cough) Job (Intentional cough)

(Mathew jumps, scared)

Mathew: Oh fuck you!

Bee Bear: You're welcome! Now you're wide awake!

(Gummy Bear watches everything from a platform in the sky, with Andrew next to him)

Gummy Bear: Those idiotic soldiers! WE HAVEN'T GOTTEN A SINGLE COG! ONE!!

Andrew: I can see, sir. I have eyes.

Gummy Bear: It's time we step in!

(The platform started falling down to the ground fast, then stopped right before hitting it. Gummy Bear summons in his Supreme Gummyballer)

Gummy Bear: These soldiers are DISAPPOINTING ME! I ALWAYS have to take care of things MYSELF!

Pro: (Appears) Gummy Bear DON'T! DON'T USE THE SUPREME GUMMYBALLER! DON'T FORGET WHAT HAPPENED LAST TIME!

(Gummy Bear's face goes blank. He drops the Supreme Gummyballer)

Andrew: Sir, SIR! HE'S MANIPULATING YOU! SIRR!!

(A huge group of mega mechsquitos approaches)

Andrew: If you won't do it (Picks up the Supreme Gummyballer) I'll do it myself!

(Gummy Bear comes back to normal, then pushes Andrew and gets the baller back)

Gummy Bear: ARE YOU INSANE?! DON'T YOU REMEMBER WHAT HAPPENED LAST TIME I USED

IT?! DO YOU WANT ANOTHER PERSON TO DIE?!

Andrew: GREATNESS REQUIRES TAKING RISKS!

Gummy Bear: NOT WHILE I LEAD YOU!

(The mega mechsquito swarm instantly collapses, then gets back up and retreats. In fact, all robots do so)

Alex: (Comes out of his hiding spot) What?

(Everyone gathers in rose field, where they see Science Bear and Robby next to Robo Bear)

Science Bear: (Proud and elegant laughter) My new software works! Now Robo Bear's challenge works as it's supposed!

Alex: D-Does that mean no more Mega Mechsquitos f-flying around?

Science Bear: Nope! Only the person playing the challenge can interact with the robots. AND the cogs are destroyed once the challenge ends.

Robo Bear: I apologise for my malfunction. (Turst to Science Bear) I am forever in your debt for fixing me. Thank you.

Science Bear: My pleasure!

(Gummy Bear was boiling with anger)

Gummy Bear: ENOUGH! WE FIGHT HERE! NOW!

(He hits his Supreme Baller in the ground and summons his army)

Gummy Bear: SOLDIERS! TAKE DOWN THE TREE!!

(Each gummy soldier takes out a gummy axe, and heads towards the Beemas tree. Bee Cub teleports the Beemas gang in front of the tree to defend it)

Bee Bear: Come on guys, we can beat them!

Remco: Today's main course: GUMMY

SOLDIERS! (launches himself in the battle)

Mathew: Let's get this done with. I'll defend the tree!

Pro: Let's see if they'll like being rolled over by a gummyball! (Starts loading his gummyball with gumdrops)

Bee Bear: Alex, it's time for you to go! This is no

place for you now!

Alex: I'm not leaving! I can help you

Bee Bear: YOU'LL DIE!!

Alex: I'D RATHER DIE HERE THAN LEAVE YOU
LIKE THIS!

(Bee Bear creates an exit portal behind Alex and
pushes him in, then enters the battle)

Gummy Bear: Come on Bee Bear! FIGHT ME!
PROVE YOU'RE STRONG EVEN WITHOUT YOUR
SHOTGUN!

(Gummy Bear arrives in front of Bee Bear)

Bee Bear: Let's end this, once and for all!

(They start fighting. Bee Bear manages to defend
and attack, but Gummy Bear gets the upper hand
and pushes him back)

Gummy Bear: Weak, as always! You're a failure!
A FAILURE! (Gummy Bear starts approaching Bee
Bear, who was struggling to get up) But you won't
be anymore!

(Before reaching Bee Bear, Alex lashes onto

Gummy Bear, giving Bee Bear just enough time to get up and punch Gummy Bear in the face)

Gummy Bear: OH YOU LITTLE SH- YOU'LL PAY FOR THIS!

(Before Gummy Bear has time to do anything, Mathew and Bee Cub are flung and fall nearby Bee Bear)

Bee Cub: Sorry sir... We couldn't hold them back...

(Gummy Bear looks excitedly at the Beemas tree as it was falling)

Gummy Bear: FINALLY! VICTORY IS MINEEE!!

(There's a bright flash and everything disappears. The snow, the decorations, everything. Alex is left standing there, alone, with his Vector Bee)

Alex: Maybe I should've left when I had the chance...

(Alex climbs on a mushroom and sits in silence, almost crying. Vector Bee tries to comfort him, without success)

Alex: I'm so stupid! This is what I get for trying to play the main character!

(Stickbug overhears this and gives the most emotional speech in the world... except it's in his language and neither the viewers nor Alex understand him. But Vector Bee seems touched by the speech)

Alex: Yeah... Thanks man but I didn't really understand what you said. I don't speak stickbug.

(Stick bug seemed disappointed)

(Meanwhile, in Bee Bear's workshop)

???: You need to return, Bee Bear! Alex needs you!

Bee Bear: I CAN'T! I DON'T HAVE MY SHOTGUN!
AND THE BEESMAS TREE WON'T GROW BACK
FOR A YEAR!

(The mysterious figure pulls out Bee Bear's shotgun, good as new)

Bee Bear: Wha-... How...

???: Sometimes you can use your greatest

enemy's resources for your advantage!

Bee Bear: You used glue didn't you?

???: Yup! And you can use it for the tree too! It'll be good enough for a couple of days!

Bee Bear: You really thought of this huh?

(Alex was still sitting on the mushroom, when he heard a familiar voice)

Alex: No... It can't be!

(He looks up and sees Bee Bear flying towards him)

Bee Bear: OH IT CAN, MY FRIEND! IT'S A BEESMAS MIRACLE!!

(Vector Bee started uncontrollably spinning around Alex. Even it knew this was a miracle. Alex jumped off the mushroom and headed directly towards the place Bee Bear was about to land on. Once Bee Bear landed, everything was back to normal and the ground was covered in snow)

Bee Bear: Haha! It's great to be back, ain't it? Let's get you out of here, Alex! (Opens an exit

portal)

(Alex rushes and hugs Bee Bear)

Alex: Thank you, Bee Bear! For the greatest Beesmas of my life)

Bee Bear: (Taken by surprise; chuckles and hugs Alex back) You're more than welcome, buddy!

Bee Cub: (Teleports) Hey! No hug for me?

(Alex gets on his knee and hugs Bee Cub)

Alex: Thanks for all the help, Bee Cub!

Bee Cub: Thanks for all the laughter you made me have, Alex! I won't forget it EVER!

(Alex laughs. He gets up, but before walking through the portal, Gummy Bear appears)

Gummy Bear: Well, well, WELL! LOOK WHO CAME BACK FOR ROUND TWO! (insane laughter)

Bee Bear: I told you this isn't the end, Gummy Bear! You'll never defeat me and my friends!

Gummy Bear: (Laughs) Oh really? Because it seems like I've already defeated your friends!

(Snaps his fingers and teleports Katy and Remco,

both tied up)

Alex: KATY!! LET HER GO!!

Gummy Bear: Nuh uh uh! If you want her to live, you have to convince ME! (Grabs the two tied up and starts walking towards the ant field) Me and my army will wait here for you! Count your days, Alex! I won't wait forever! (Teleports away with the 2 hostages)

Alex: (Stressed out) WE HAVE TO SAVE THEM, BEE BEAR! WHAT DO WE DO?!

(Bee Bear sits on his giftbox, pulls out a french Napolon hat and hits the Napoleone meme pose)

Bee Bear: There's nothing we can do (The napoleon meme music start playing)

(Alex stares at Bee Bear, then slaps his so hard that the hat flies off his head)

Alex: KATY AND REMCO ARE ON THE EDGE OF DEATH AND YOU'RE OUT HERE MAKING A DEAM MEME POSE?!?! WHAT'S WRONG WITH YOU?!

Bee Bear: (Blinks twice) Alright fair point! But

what do you think I can do?! It's not like I can just go in there and attack them!

Alex: Why not?

Bee Bear: They'll decapitate Katy and Remco before I manage to take out 10 soldiers. I'd need a fucking 10 kg molotove to take them all out!

Alex: Then how do we save them?

Pro: (Coming towards the 2) I know how!

Bee Bear: (Turns his head around) PRO?!

WHERE'D YOU COME FROM?!

Pro: You really thought I left? I knew you'd come back for Alex. And if not, I would've freed him myself.

Bee Bear: Yeah that makes sense. Anyway what's your plan?

Pro: Gummy Bear's still a fair warrior. He'll admit defeat if you beat him in a fair duel.

Bee Bear: NONSENSE! I've defeated him countless ti-

Pro: In a FAIR duel. No weapons. No soldiers. Just

a simple fist fight. And besides, he wants Alex to fight him. I've heard he captured Katy just to draw Alex in a battle.

Alex: Why was Katy here though? She said she had to leave!

Pro: She returned but ended up in the void. There the gummy army found her before she had the chance to get to us. Remco tried rescuing her but ended up in the same situation.

Alex: So now I need to become a karate master to save them?

Pro: Pretty much, yes-

Mathew: (Appears from the background) And you've got just the person to teach you!

Alex & Bee Bear: MATHEW?! WHERE THE FUCK DID YOU COME FROM?!

Mathew: Pro confiscated my teleporting device so I can't leave. And the only way I can get it is by helping you out.

Alex: Alright then, what are we waiting for?

(The gang forms a circle and start planning)

Mathew: So, Alex. I've got a plan for the training. I'll put you through the toughest challenges you currently have access to!

Alex: But I can die.

Mathew: That's the motherfucking point! Gummy Bear can kill you too can't he? You need to be a WARRIOR!

Alex: (Shrugs) If you say so.

Pro: We should take some measures before though. We don't want to accidentally kill Alex, do we?

Bee Cub: If anything, I can teleport him out of any situation!

Bee Bear: Alright, we have a plan! While you guys train, I'll prepare a rescue mission! Gummy Bear won't see this coming!

(All of them do a fist bump before they leave)

Pro: Let's go, team!

(The camera transitions to the spider field)

Panda Bear: Get ready, Alex! This one's a level 10! It's more or less as tall as Gummy Bear! Try to take it out without punching it!

Alex: Why not punch it?

Panda Bear: Because it's snow, obviously! Try ways to pin it to the ground!

Alex: (Confident) Alright, BRING IT ON!

(Panda bear launches the snowball, and the snowbear breaks free. Alex dodges it's first attack, crawls by it's side and, when the snowbear turns around, Alex lashes onto it's neck. The snowbear loses it's balance and falls on top of Alex, collapsing into snowflakes)

Panda Bear: WEAK! If that was Gummy Bear you would've been one with the floor! Try to get on top of the snowbear!

(Alex gets up, slaps his face and growls)

Alex: I'm ready!

(The snowbear spawns again. This time Alex dodges it's first attack before sliding to the side

and lashing on the bear's face. The bear starts losing its balance but grabs and throws Alex off before falling)

Alex: (growls madly) I was so close!

Panda Bear: Bad approach! Don't give it the opportunity to take you off!

(Alex attacks again, this time spinning around the snowbear twice. Once the snowbear tries to punch him, Alex uses the hand to jump on it and onto the bear's head, instantly pinning it down to the ground)

Panda Bear: (Starts clapping) Impressive! A creative approach! You used its hand to jump on top of it. I'm surprised!

Mathew: (Who was watching) Alright, the next challenge!

(The camera transitions to the mountain field, where Alex was waiting in the field)

Alex: So, what now?

Mathew: Wait... (Robo Bear's music starts

playing) NOW!

(Cogturrets and cogmowers started rising from the field, and mechsquitos started approaching Alex)

Mathew: Careful at the mechsquito shots! They slow you down!

(Alex was jumping left and right, dodging the moving cogmowers and the flying cogs from the turrets, while also trying to not get shot by any mechsquito. Every now and then he'd grab a mechsquito and smash it into the ground.

Eventually he rolled off the mountain and started falling down in the 10 bee zone, but Bee Cub teleported him to the side of the field, next to the shop. He fell face down)

Alex: (With his face in the ground) Ouch!

Mathew: (Faceslap) You were doing well, too! Try to roll less and focus on dodging while maintaining control of yourself!

(Bee Cub pushes Alex back in the field)

Mathew: MEGA MECHSQUITOS INCOMING!

Alex: WHAT THE FUCK?!

(Mega mechsquitos start appearing. Alex tries to dodge all of their shots but ends up pushed out of the field by a cogmower)

Alex: (Gets mad and starts breathing heavily, before going back in the field)

(This time, Alex grabs a nearby cogmower by one of its eyes and flings it into a cogturret, breaking both into pieces. Then a cogturret fires a cog.

Alex catches it from the side, spins around and sends it flying directly into the cogturret, breaking it to pieces. Then he uses a cogmower to jump on top of it, breaking it while reaching for 2

mechsquitos that he then threw into a bigger mechsquito swarm, breaking them. Then he jumped, caught 2 mechsquitos and threw them into the wings on a mega mechsquito. The mega mechsquito started spinning in circles from the impact and Alex caught one of its wings. Mid air,

he launched the mega mechsquito into another mob of mega mechsquitos, creating an explosion behind him while he landed on the ground again)

Mathew: (Speechless) THAT WAS INCREDIBLE! I WANT MORE OF THAT!!

Alex: (Giggles, proud) I'm just good at fighting!
(Next up was stick bug)

Mathew: Alright, man! This is our last challenge for ya! If you survive this, and actually win, you're ready!

(Alex nods. He was in bamboo field, the same field he met Katy in. He thought of that for a second. Stickbug summoned his spinners and nymfs. Alex started attacking the nymfs while dodging the spinners. Then stickbug dashed towards him, pushing Alex down as many nymfs got over him)

Bee Cub: ALEX! HANG TIGHT BUDDY!

(However, before Bee Cub can save Alex, the pile of nymfs shakes and Alex breaks free, breathing

heavily. Stickbug dashes again, but this time Alex uses a bamboo to jump on the side and dodge him. Stickbug spawns spinners and nymfs, but this time Alex doesn't end up cornered. Finally, stickbug targets Alex and jumps towards him. Alex rolls away and stickbug hides in the flowers. Alex gets out of the field and stickbug comes out. The challenge ended)

Mathew: Close, but not enough. You need to defeat stickbug. Let's train more, then we get back to him, shall we?

Alex: (Still exhausted from the stickbug challenge) A-Alright... Phew...

(Montaje with scenes of Alex getting better at fighting. I'm too lazy to describe them)

Mathew: Alright, I feel like you're ready to take on stickbug once again!

(Same deal. Bamboo field, but this time when the nymfs spawn Alex grabs one and spins around, knocking down all the other ones. He then picks

up anoympths and throws both of them at stickbug, hitting him. Stickbug laughs, and prepares to hide in the field. Then he jumps)

Alex: (Stops right in his track from running) Oh no you DON'T!

(Before managing to hide, Alex grabs stickbug and throws him in the wall. Before he manages to get up, Alex already ripped a spinner out of the ground and comboed stickbug. Then stickbug explodes into loot and jumps back to his mushroom, visibly exhausted from the battle)

Mathew: WHOAH! I'VE NEVER SEEN STICKBUG THIS TIRED FROM ONE BATTLE! Yup, you're ready to fight Gummy Bear!

(Alex jumps hapily, shouting "YES". Then they go back to Bee Bear)

Bee Bear: (Notices them) Right about time! Did you finish training?

Mathew: Yup! Alex is oficially classified as a national threath! HE'S A KILLING MACHINE!

Bee Bear: That's good! But I've developed a better plan than just challenging Gummy Bear to a fight!

Mathew: How so?

Bee Bear: Call the others, then I'll explain.

Mathew: Alright. Alex, you go get Pro! I'll get Bee Cub.

(Alex nods, then goes to find Pro)

(It was quiet. The gummy army was resting. It was supposed to be nighttime, but because of Bee Bear's mistake, it was still sunny. The gummy soldiers were all covered with blankets so they could rest. Alex entered the ant field zone carefully, not making a single sound. He then found Katy and Remco, and headed their way)

Katy: (Whispers) Alex! What are you doing here

Alex: (Whispers, while pulling out a little knife)

I'm here to save you!

Katy: (Whispers) CAREFUL! GUMMY BEAR DOESN'T SLEE-

(A loud noise is heard, and Gummy Bear appears behind Alex)

Gummy Bear: WELL WELL WELL! LOOK WHO WE HAVE HERE!

Alex: Gummy Bear! I challenge you to a duel! If I win, you free Katy and Remco

Gummy Bear: (Surprised) A duel, huh? Are you sure this isn't a trick?

Alex: No tricks. Just a fair duel!

Gummy Bear: (Laughs) VERY WELL, THEN! But if I win, I get to kill ALL THREE OF YOU!

Alex: Deal!

(Gummy Bear laughs, then hands Andrew his supreme gummyballer)

Gummy Bear: Let's start!

(Gummy Bear and Alex start fighting. Alex dodges Gummy Bear's attacks, and does the same strategy as he did with the snowbear)

Gummy Bear: (growls) GET OFF ME YOU PARASITE! (loses balance and falls)

(Alex starts repeatedly punching Gummy Bear in his head. Suddenly Gummy Bear gets up and launches Alex flying, hitting his head in the gate)
Gummy Bear: HAH! WEAK! Couldn't even hold me down for a minute!

(Alex gets up, dodges a few more attacks, punches Gummy Bear in the stomach, but he grabs Alex by the neck and launches him into the glass from the ant field. Alex falls down and some blood comes out of his head)

Katy: ALEX!!

(Gummy Bear approaches)

Gummy Bear: Giving up that easily? You really don't care about your "friends" do you?

(Alex tries to get up. Then a loud noise is heard.

Bee Bear shot Gummy Bear in the head, but Gummy Bear dodged the attack)

Gummy Bear: What an unpredictable attack!

(Turns to Bee Bear, more serious) I already figured out how much of a man Alex is, prove me

you're any better by putting that shotgun away and fighting me!

(Bee Bear, a little stressed, puts the shotgun away and prepares to fight Gummy Bear)

Gummy Bear: What happened? Kitten's frightened? What happened to the all mighty Bee Bear? Or was it all because of your shotgun? (Bee Bear was shaking slightly) COME ON! AVENGE YOUR LITTLE FRIEND! Or do you just don't care that Alex's dead?

Bee Bear: (Snaps) He's not... DEAD (Punches Gummy Bear in his face, pushing him back)

Gummy Bear: (Trembling) L-Lucky shot! (Attacks but Bee Bear dodges) WHY WON'T YOU JUST STAND STILL?!

(Bee Bear pushes Gummy Bear away, then Gummy Bear attacks again. This time he predicts where Bee Bear would move and attacked there, pushing Bee Bear away and almost making him fall)

Gummy Bear: Yet, you're still predictable!
Pathetic! You should be ashamed of yourself!
(Alex jumps on Gummy Bear's head, obscuring his vision)

Alex: NOBODY CALLS BEE BEAR PATHETIC!
(Gummy Bear makes struggling sounds, then Alex lands a critical punch directly in the middle of Gummy Bear's face, making him fall down. The punch cracked Gummy Bear's face. He quickly got up and grabbed Alex by the neck, stared him dead in the eyes and launched him, head first, into the glass, shattering it. Alex fell on the ground, filled with blood)

Gummy Bear: (extremely mad, saying it between his teeth) YOU'LL PAY FOR THI-

(Bee Bear shoots him in the head, this time not missing. Gummy Bear's face scattered on the ground, his eyes staring at Bee Bear, surprised)

Bee Bear: (Laughs) You clearly forgot I still had the shotgun! What an idiot!

Andrew: SIR! GUMMY SOLDIERS! (Pointing at Bee Bear) ATTACK HIM! (Grabs a jar and starts collecting Gummy Bear's head)

(Alex tries to get up, but falls back)

Bee Bear: Stay there, Alex! You've done enough! Now I'll take care of this. CUUBS!

(Bee, Gingerbread, Snow and Peppermint cub appear, and each starts attacking the soldiers. I'm too lazy to explain it again)

(Andrew collects all Gummy Bear's head pieces, and he starts talking again)

Gummy Bear in a jar: THIS ISN'T THE END, BEE BEAR! WE'LL MEET AGAIN! AND I'LL DEFEAT YOU!!

(The soldiers and Andrew carrying the jar with Gummy Bear's parts and dragging Gummy Bear's body walk through a portal and flee)

Bee Bear: Heh, that's what they said last year too!

(Alex goes unconscious. He then slowly wakes up

and sees Science Bear, Bee Bear and Katy looking at him, worried. Science Bear's face lights up)

Science Bear: I'M THE SMARTEST BEAR ALIVE!!
CALL THE OTHERS, CALL THE OTHERS (Goes to call the others)

Alex: (Confused) W-Where am I?

Katy: Don't worry, Alex! You're alive! You had some serious injuries from that battle, but Science Bear fixed you up!

Alex: (Remembers) Ohh! (A little shy) I'm glad I could help in saving you, Katy!

(Katy smiles, then kisses Alex on the cheek. He blushes)

Katy: Thanks for risking your life for me, Alex!

(Alex was speechless. The others arrive and take Alex back to the hives)

Bee Bear: It's time to leave, guys! The snow's melting already!

Pro & Mathew & Remco: Bye Bee Bear! See ya

next year! (Remco and Mathew argue immediately after saying “STOP COPYING ME!”

Then all 3 walk through the portal)

Katy: (Hugs Bee Bear) Bye Bee Bear! (Turns around and hugs Alex) Bye Alex! Looking forward to seeing you next year too!

Alex: (Stutters) B-Bye Katy!

(Katy walks through the portal)

Bee Bear: So, this is it! (Starts crying) I remember when you first arrived how grumpy you were, and seeing how much you’ve changed (sniff) Come on Bee Bear, you said you won’t cry!

(Alex giggles, then tightly hugs Bee Bear)

Alex: Thanks for everything, Bee Bear! This was the best Beesmas of my life, all thanks to you!

(Bee Bear holds Alex tightly, even lifting him off the ground)

Alex: (Suffocating) I-I can’t breathe- Bee Bear!!

(Bee Bear lets go)

Bee Bear: (Scratching his head) Oops! I got a little

too excited! (Searches his pocket. Doesn't find anything) Wha-? Where is it?!

Bee Cub: (Teleports) Looking for this? (Shows a teleportation device. Looks at Alex) Here! With this you can come here whenever you like, and you can leave too! It's just like the ones the others have!

Alex: (Takes the device) Thanks! (Gets on his knees and hugs Bee Cub) Goodbye, Bee Cub! Thanks again for the help!

Bee Cub: (Hugs Alex tightly and starts crying)

Alex: Whoah! Are you alright? (Gets up, but Bee Cub was still holding onto him, crying)

Bee Bear: (Giggles) Let me get him off... (Grabs Bee Cub's legs and pulls him off. He whipes his tears, and says a shaking "Goodbye, Alex!". Bee Bear puts him down)

(Alex laughs slightly before walking into the portal. Just then, Bee Bear spots Vector Bee, sticking onto Alex's back, waiving mischievously

at Bee Bear)

Bee Bear: WAIT A MINUTE! (Jumps to catch the vector bee, but Alex had already left, and Bee Bear falls to the ground and hits his face in the fence)

Bee Bear: FFFFFFFFFFFFFFFUUUUUUUUUUUUUUUUUU-
(The camera cuts and the credits roll)

THE END (fr this time)
